

RMR CUT SLIDE FOR GLOCK® 17 GEN 3 - BROWNELLS RMR SLIDE +WINDOW FOR GEN3 GLOCK® 17 BRONZE PVD

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Optic-Ready, Ergonomically Enhanced Slide With a Bundle of Custom Features

Our RMR Slide for Glock® 17 Gen3 pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Trijicon RMR or Holosun red dot sight. All RMR Slides also have standard Glock® factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. You can also get your Brownells RMR Slide for Glock® 17 Gen3 with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each RMR Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and Gen3 internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. You can get your RMR slide in one of 3 finishes: a wear-resistant basic Black Nitride, or a thin, extremely tough, physical vapor deposition (PVD) coating in Bronze or Flat Dark Earth (FDE). Fits Gen3 Glock® 17 pistols & clones Machined from corrosion-resistant 17-4 stainless steel billet Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top A Brownells RMR Slide is the ideal upgrade for your factory Glock® 17 Gen3 pistol OR the perfect "top half" for a brand-new custom gun built on a Polymer80 80% frame. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

RMR CUT SLIDE FOR GLOCK® 17 GEN 3 SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RMR Cut Slide for Glock® 17 Gen 3. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this guide carefully to understand how to use, install, and maintain your slide safely.

General Safety Guidelines

- Always handle firearms and firearm components with care.
- Ensure that the firearm is unloaded before installing or handling the slide.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of wear or damage before use.
- Use only compatible parts and accessories with your Glock® 17 Gen 3 to avoid malfunctions.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction at all times.
- Only use the slide with the Glock® 17 Gen 3 and compatible models.
- When mounting optics, follow the manufacturer's instructions to avoid improper installation.
- Use suppressorheight iron sights for proper cowitnessing with the RMR.
- Avoid exposing the slide to extreme temperatures or harsh environments that may affect its performance.
- Do not modify the slide or any firearm components beyond manufacturer specifications, as this may compromise safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your Glock® 17 Gen 3 is unloaded and the magazine is removed.
- Gather necessary tools, including a channel liner installation tool.

2. Installation of Channel Liner:

- The channel liner is required for proper installation of the slide.
- Press fit the channel liner into the slide using the recommended tool (#777100017).

3. Attaching the Slide:

- Align the slide with the frame of the Glock® 17 Gen 3.
- Slide it onto the frame until it is fully seated.
- Ensure that the slide moves smoothly and locks in place.

4. Mounting Optics:

- If using a Trijicon RMR or Holosun sight, follow the specific mounting instructions provided with the optic.
- Ensure that the mounting screws are tightened to the manufacturer's specifications.

5. Final Checks:

- Perform a function check to ensure that the slide operates correctly with the frame.
- Check for proper alignment of sights and optics.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and electronic waste.
- Do not throw the slide in regular household waste.
- Contact a local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RMR Cut Slide for Glock® 17 Gen 3, please consult the manufacturer or authorized dealers for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your RMR Cut Slide for Glock® 17 Gen 3. Always prioritize safety and compliance with local laws and regulations when using firearm accessories.
