## Integral Red Dot Mount, Plus Unique Cocking Serrations & Gen4 Parts Compatibility

Our RMR Slide for Glock® 17 Gen4 pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. Let's be honest: the serrations also look cool! These slides have a built-in mount for the popular Trijicon RMR red dot sight and certain Holosun sights (see list below), enabling shooters to get on-target faster and more easily than they can with standard pistol sights. All RMR Slides also have Glock® factory front and rear sight dovetails for backup iron sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. You can get your RMR Slide for Glock® 17 Gen4 with a "window" cutout on top between the front serrations (so no wraparound serrations on this one) that enhances airflow to keep the barrel cooler - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.), the window helps your gun stand out from the sea of matte black on the firing line! Each RMR Slide for Glock® 17 Gen4 pistols starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and Gen4 internal parts. Each slide is heat-treated to Rockwell "C" 41-44 for enhanced surface hardness and excellent resistance to galling and wear. A tough, non-reflective, Black Nitride finish resists surface scuffs and scratches. Fits Gen4 Glock® 17 pistols & clones Machined from 17-4 stainless steel billet Tough Black Nitride finish Choose traditional Solid top or distinctive top Window cutout Pre-cut Trijicon RMR red dot sight mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dots A Brownells RMR Slide is an excellent upgrade that takes a factory Glock® 17 Gen4 from good to GREAT. It can also serve as the perfect "top half" for a brand-new custom gun built on the popular Polymer80 80% frame. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

# Safety Instruction Guide for RMR CUT SLIDE FOR GLOCK® 17 GEN 4

## Introduction

Thank you for purchasing the RMR Cut Slide for Glock® 17 Gen 4. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is compatible with your firearm model before installation.
- Always handle firearms with care, treating every gun as if it is loaded.
- Wear appropriate eye and ear protection when using firearms.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the product and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide and firearm for any signs of wear or damage before use.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may result in malfunction or failure of the firearm.
- Failure to use appropriate sights may affect aiming and accuracy.
- Using incompatible parts can lead to dangerous situations.

### • Avoiding Hazards:

- Always ensure that the firearm is unloaded before beginning installation.
- Use only compatible sights as specified in the product description.
- Regularly check for loose screws or components after installation.

### • AgeSpecific Warnings:

- This product is intended for use by adults only. Ensure that minors are supervised by responsible adults when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your Glock® 17 Gen 4 is completely unloaded.
- Gather all necessary tools, including the recommended channel liner installation tool (#777100017).

### 2. Installation Steps:

- Remove the factory slide from the frame of your Glock® 17 Gen 4.
- If applicable, install the channel liner into the new slide using the recommended tool.
- Align the RMR Cut Slide with the factory frame, ensuring proper fit.
- Securely attach the slide to the frame, ensuring all components are aligned and tightened.

### 3. Sight Installation:

- Install the appropriate sights for cowitnessing with the RMR, ensuring they are of suppressor height if required.
- Follow the manufacturer's instructions for installing the Trijicon RMR or compatible Holosun sights.

#### **4. Testing:**

- After installation, perform a function check to ensure that the slide operates smoothly.
- Test the firearm in a safe environment to ensure proper functionality before regular use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the slide or any firearm components, check local laws for proper disposal methods to ensure safety and compliance.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the RMR Cut Slide for Glock® 17 Gen 4, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

Thank you for following these safety guidelines. Your safety and the safety of those around you is our top priority. Enjoy your enhanced shooting experience with the RMR Cut Slide for Glock® 17 Gen 4.
