

STAINLESS STEEL ROLL PIN KIT - BROWNELLS 3/32" DIAMETER 5/16" (8MM) LENGTH ROLL PINS 36 PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Roll Pins](#)

Growing Popularity Demands You Have This Convenient Assortment

With the increasing use of roll pins in guns, we've been looking for a good assortment of them in stainless steel to offer. Finally found it - with 850 pins in 8 diameters and various lengths (see below). Should take care of most gun needs! Great for other shop jobs too. Make jigs, fixtures, or use to replace taper pins, dowels, groove pins, set screws, etc. Will not slip or vibrate out. Easy to use, as require no threading or taping. Can be cut to any length. Use the Roll Pin Punches for positive, safe removal.

Safety Instruction Guide for Stainless Steel Roll Pin Kit

Introduction

Thank you for choosing the Stainless Steel Roll Pin Kit from Brownells. This guide provides essential safety information to ensure the safe use of the roll pins included in your kit. Please read and follow these instructions carefully to avoid any potential hazards.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the roll pins out of reach of children and pets.
- Inspect the roll pins before each use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling or installing roll pins.
- Store the roll pins in a dry and cool place to prevent corrosion or damage.

Specific Safety Precautions for Use

- Always verify the correct diameter and length of the roll pin needed for your application.
- Use the Roll Pin Punches for safe and effective removal and installation of the roll pins.
- Avoid using excessive force when installing or removing roll pins to prevent injury or damage to the surrounding components.
- Do not attempt to modify the roll pins in any way, as this may compromise their integrity and safety.
- If a roll pin becomes stuck, do not force it out. Instead, consult a professional for assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools, including the appropriate Roll Pin Punch and a hammer.
- Select the correct roll pin based on your project requirements.

2. Installation:

- Align the roll pin with the hole in the component where it will be installed.
- Place the Roll Pin Punch against the roll pin and gently tap with the hammer to start the installation.
- Continue tapping until the roll pin is fully seated in the hole.

3. Removal:

- To remove a roll pin, position the Roll Pin Punch at the end of the pin.
- Gently tap the punch with a hammer to drive the roll pin out of the hole.
- Ensure that the surrounding area is clear of obstructions to avoid injury.

Disposal Instructions

- Dispose of any damaged or unusable roll pins in accordance with local regulations.
- Do not dispose of roll pins in regular household waste if they are made of stainless steel or other recyclable materials. Check local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Stainless Steel Roll Pin Kit, please reach out to the designated contact point provided with your product packaging or on the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of the Stainless Steel Roll Pin Kit. Thank you for your attention to safety!
