

MAGNA-TIP® TACTICAL/LE FIELD TORX® KIT - MAGNA-TIP TACTICAL/LE FIELD TORX DRIVER SET

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Bit Sets](#)

Fits Popular Scope Ring & Base Screws; Built-In Bit Storage

We answered the call from law enforcement armorers for a compact, versatile Torx driver set for popular scope ring and base screws. Features five Magna-Tip Torx bits and our full-size Law Enforcement Hollow Handle driver with an internal bit storage compartment. Steel bits are heat treated then machined to precise tolerances to help ensure torque is transmitted smoothly and evenly to the screw head. Magnetic socket in the shank holds the bit securely at any angle.

Attributes

- Name: [MAGNA-TIP TACTICAL/LE FIELD TORX DRIVER SET](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080000757
- Mfr. No.:
- Bit Number: T10,T15,T20,T25,T30
- Color: Matte Black
- Handle: 84 Hollow
- Material: Steel
- Style: Set
- Delivery weight: 0.113kg
- UPC: 050806006607

MAGNATIP® TACTICAL/LE FIELD TORX® KIT

Safety Instructions

Introduction

Thank you for choosing the MAGNATIP® TACTICAL/LE FIELD TORX® KIT. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read and follow these guidelines carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to drive Torx screws.
- Always inspect the tool before use. Do not use if there are signs of damage or wear.
- Keep the tool out of reach of children and vulnerable individuals.
- Use protective eyewear when using the tool to prevent injury from flying debris.
- Store the kit in a dry, cool place when not in use to prevent rust and deterioration.

Specific Safety Precautions for Use

- Always use the correct size Torx bit for the screw to avoid stripping the screw head or damaging the bit.
- Ensure that the bit is securely seated in the driver before applying torque.
- Do not apply excessive force when using the driver, as this can lead to tool failure or injury.
- Avoid using the tool in wet or damp conditions to prevent slipping and loss of control.
- Do not modify the tool in any way, as this can compromise safety and performance.
- If you experience any discomfort or pain while using the tool, stop using it immediately and seek medical advice if necessary.

Instructions for Installation and Usage

1. Select the Appropriate Bit:

- Choose the correct Torx bit size from the kit: T10, T15, T20, T25, or T30.

2. Insert the Bit:

- Insert the selected Torx bit into the magnetic socket of the driver. Ensure it is securely held in place.

3. Position the Driver:

- Align the bit with the screw head and position the driver at a comfortable angle.

4. Apply Torque:

- Gently apply pressure and turn the driver clockwise to tighten or counterclockwise to loosen the screw.
- Avoid excessive force; if the screw does not turn easily, reassess the bit size or the condition of the screw.

5. Store the Kit:

- After use, return all bits to the designated storage area within the driver to prevent loss and damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the tool in household waste. Check with local authorities for proper disposal methods for metal and plastic materials.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the appropriate contact point in your region. Ensure you have the product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with the MAGNATIP® TACTICAL/LE FIELD TORX® KIT. Thank you for your attention to safety.
