Safety Instruction Guide for UNPLATED STEEL FLAT HEAD WOOD SCREW KIT

Introduction

Thank you for purchasing the UNPLATED STEEL FLAT HEAD WOOD SCREW KIT by BROWNELLS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before using the screws.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of damage or wear.
- Report any unsafe products or accidents to local authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling screws.
- Avoid using screws that are damaged or show signs of corrosion.
- Do not exceed the recommended torque specifications when driving the screws into materials.
- Ensure that the screws are compatible with the materials you are using.
- Use proper tools designed for driving screws to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a suitable screwdriver and a countersink if needed.
- Choose the appropriate screw size for your project.

2. Drilling:

- If required, drill a pilot hole using a drill bit that matches the screw size.
- Ensure that the pilot hole is straight and clean.

3. Driving the Screw:

- Position the screw in the pilot hole.
- Use the screwdriver to drive the screw into the material, applying steady pressure.
- Avoid overtightening, which can damage the material and the screw.

4. Final Inspection:

- After installation, check that the screw is flush with the material surface.
- Ensure that there are no sharp edges or protrusions.

Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.

- If the product is damaged, follow local guidelines for the disposal of metal products.
