

STANDARD LINE NYLON HANDGUN BORE BRUSHES - STANDARD LINE BRUSH, NYLON, .375 CALIBER PISTOL, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read and understand this document before using the bore brushes.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for any signs of wear or damage before use.
- Do not use the brushes for any purpose other than intended.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when cleaning firearms.
- Use the bore brushes in a wellventilated area to avoid inhaling cleaning agents.
- Do not apply excessive force when using the brushes to prevent damage to the bore or brushes.
- Avoid using the brushes with incompatible cleaning solutions that may damage the nylon bristles.
- Ensure that the firearm is unloaded before using the bore brushes.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Attaching the Bore Brush

- Select the appropriate bore brush for your firearm caliber.
- Attach the bore brush to the cleaning rod securely using the threaded end.
- Ensure that the connection is tight to prevent the brush from detaching during use.

3. Using the Bore Brush

- Apply a small amount of cleaning solvent to the bore brush.
- Insert the bore brush into the firearm's bore gently.
- Move the brush back and forth in the bore to clean the interior surfaces.
- Repeat the process as necessary, ensuring to clean the brush between uses.

4. PostUse Care

- After cleaning, remove the bore brush from the cleaning rod.
- Rinse the brush with clean water to remove any residual cleaning solvent.
- Allow the brush to dry completely before storing it.

Disposal Instructions

- Dispose of the bore brushes responsibly, following local regulations for waste disposal.
- Do not incinerate the brushes, as this may release harmful substances.
- If the brushes are damaged or no longer usable, consider recycling options if available.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with the product packaging.
