## Easy To Hit For Positive Slide Release On The First Try

Drop-in replacement for factory slide release lever has a much larger finger pad and a trapezoid-shaped bump that help ensure you release the slide fast, on the first try, after a reload. Saves precious seconds that can be lost making multiple swipes to release the slide and chamber the next round. Low profile and smooth contours will not affect holster fit or snag on clothing. Rugged, all-steel construction; matte black finish matches Glock® factory finish. Separate models to fit current-production 3-Pin small frame and early 2-Pin pistols, plus 100-002-698 for the large frame pistols chambered in .45 ACP, 10mm, and .45 GAP.
