

PMAG® AR/M4 GEN M3™ 5.56X45 NATO RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG GEN M3 5.56/.223 30RD FOR AR-15 BLK 10/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

PMAG® AR/M4 GEN M3 Safety Instruction Guide

Introduction

Thank you for purchasing the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This guide provides essential safety instructions to ensure safe and effective use of your magazine. Please read this manual thoroughly and keep it for future reference.

General Safety Guidelines

- Always handle the magazine with care, following proper firearm safety protocols.
- Ensure the magazine is empty before handling or cleaning.
- Do not use the magazine with ammunition other than 5.56mm/.223 Remington.
- Keep the magazine out of reach of children and unauthorized users.
- Inspect the magazine regularly for signs of wear or damage.
- Do not attempt to modify or repair the magazine yourself. Seek professional assistance if needed.
- In case of any malfunction, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- **Compatibility Check:** Ensure that the magazine is compatible with your firearm model (AR15, M4, M16, etc.) before use.
- **Loading:** Load the magazine in a safe environment, away from others. Follow the manufacturer's recommendations for loading procedures.
- **Storage:** Store the magazine in a cool, dry place. Avoid exposure to extreme temperatures or humidity.
- **Transport:** When transporting, ensure the magazine is unloaded and securely stored to prevent accidents.
- **Cleaning:** Clean the magazine regularly using a soft cloth and appropriate cleaning solutions. Avoid using harsh chemicals that may damage the polymer material.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure the magazine is clean and free of obstructions.
- Hold the magazine with the feed lips facing up.
- Insert cartridges one at a time, pushing them down until they click into place.
- Do not exceed the magazine's capacity (30 or 40 rounds, depending on the model).

2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into place until it clicks.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button and pull the magazine out of the magazine well.

4. Disassembly for Cleaning:

- Ensure the magazine is empty.
- Use a toolless disassembly feature to separate the magazine components.

- Clean each component with a soft cloth and allow to dry before reassembly.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations regarding plastic and polymer waste.
- Do not incinerate the magazine as it may release harmful fumes.
- If the magazine is damaged beyond repair, consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer or your local authorized dealer.

By following these guidelines, you can ensure the safe and effective use of your PMAG® AR/M4 GEN M3 magazine. Always prioritize safety and responsible handling of firearms and their accessories.
