## High-Grade USA Barrels for Your Hi Power Pistol

Owners of the iconic Hi Power pistol can upgrade their handguns with the addition of Brownells Browning Hi Power Full Size 9mm barrels, designed to provide years of precision shooting with a simple drop-in replacement unit. The Brownells Browning Hi Power Full Size 9mm barrels are fully machined right here in the USA from high-quality 4150 chrome moly steel. The barrels are also rifled using a conventional land-and-groove design rather than the polygonal setup found in many handgun barrels today. Rate of twist: 1:10 Features 11-degree target crown Threaded muzzle with 1/2x28 TPI threads Black Nitride The Brownells Browning Hi Power Full Size 9mm barrels are designed to fit into most Hi Power pistols, but due to the wide variety of pistols produced, some fitting may be required.

# Safety Instruction Guide for Browning Hi Power Full Size 9mm Barrels

## Introduction

Thank you for choosing the Browning Hi Power Full Size 9mm Barrels from Brownells. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new barrel. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the barrel.
- Store the barrel in a safe and secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding the ownership and use of firearm components.
- Inspect the barrel regularly for signs of wear or damage. Do not use the barrel if any issues are detected.
- Use only compatible firearms with the Browning Hi Power Full Size 9mm Barrels.
- Always wear appropriate eye and ear protection when shooting.

## Specific Safety Precautions for Use

- Ensure the barrel is properly installed before use to avoid malfunctions or accidents.
- Do not modify the barrel or firearm in any way that could compromise safety or performance.
- Use only factorymanufactured ammunition that is specifically designed for 9mm Luger cartridges.
- Avoid using reloaded or handloaded ammunition unless you are certain of its safety and compatibility.
- Be aware of your surroundings and ensure that you are in a safe shooting environment.
- Do not point the firearm at anything you do not intend to shoot.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Take the Browning Hi Power Full Size 9mm Barrel and align it with the firearm's slide.
- Gently insert the new barrel into the slide, ensuring it fits securely.
- Reassemble the firearm according to the manufacturer's instructions.
- Perform a function check to ensure the firearm operates correctly with the new barrel.

### 2. Usage:

- Always follow the basic rules of firearm safety when handling and shooting.
- Ensure that the barrel is clean and free of obstructions before each use.
- Check the tightness of the barrel and other components periodically during use.
- After shooting, clean the barrel according to the manufacturer's cleaning instructions to maintain performance.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding hazardous waste and firearm components.
- If the barrel is damaged or no longer usable, contact local authorities or a licensed firearms dealer for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Browning Hi Power Full Size 9mm Barrels, please reach out to the appropriate support channels provided by your retailer or manufacturer. Ensure that you have your product details available for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your Browning Hi Power Full Size 9mm Barrels. Always prioritize safety and remain informed about best practices in firearm handling and maintenance.
