When Every Ounce Counts; The Strength Of Steel Without The Weight

One-piece construction blends the ring and base into a single unit. Eliminating the ring/base joint not only keeps weight to a minimum, it provides a stronger mount. Each ring cap is 5/8" wide, with four, TORX screws, to keep large scopes from slipping or shifting. Designed by Mel Forbes of New Ultralight Arms.

Specific Safety Precautions for Use

- Always ensure that the scope mount is compatible with your firearm model before installation.
- Inspect the scope mount for any damage or defects before use. Do not use if damaged.
- Ensure that the mount is securely attached to the firearm before each use to prevent accidents.
- Avoid overtightening the screws during installation, as this may cause damage to the mount or firearm.
- Use only the recommended tools (e.g., TORX screws) for installation to prevent injury or damage.
- Keep the area around the installation site clear of obstructions and distractions.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a TORX screwdriver.
- Ensure that the firearm is unloaded and in a safe condition before starting the installation.

2. Installation Steps:

- Align the scope mount with the mounting holes on your firearm.
- Insert the screws into the mount and tighten them securely but do not overtighten.
- Ensure that the ring caps are properly seated and secured with the provided TORX screws.

3. Usage:

- After installation, check the alignment and stability of the scope. Make adjustments as necessary.
- Regularly inspect the mount for wear and tear, especially after heavy use.
- If you notice any issues, cease use and consult a professional.

4. Maintenance:

- Clean the scope mount periodically to ensure optimal performance.
- Store the firearm and scope mount in a dry, secure location away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of packaging materials responsibly by recycling where possible.
- For the scope mount, refer to local regulations regarding the disposal of metal and plastic components.
- Do not dispose of the product in general waste if it contains hazardous materials.
