Safety Instruction Guide for the STEEL 3DIE RIFLE SET LEE PRECISION STEEL .375 WINCHESTER

Introduction

Thank you for choosing the STEEL 3DIE RIFLE SET from Lee Precision. This guide provides essential safety instructions and usage guidelines to ensure the safe handling and operation of your new rifle die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle all reloading equipment with care to prevent accidents.
- Ensure that your workspace is clean, organized, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Never exceed the recommended load data for your specific caliber.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Lubrication Required:** Since the dies are made of steel, all cases must be lubricated to avoid damage and ensure smooth operation.
- **Check Equipment:** Before use, inspect all components for wear or damage. Do not use if any part is damaged.
- **Proper Setup:** Ensure that the dies are correctly set up in your reloading press before starting the reloading process.
- **Avoid Overheating:** Do not allow the dies to overheat during use, as this can affect their performance and safety.
- **Follow Load Data:** Always refer to the provided instructions and load data for safe reloading practices.

Instructions for Installation and Usage

1. Setup:

- Gather all components: Full Length Sizing Die, Bullet Seating Die, Powder Through Expanding Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data.
- Ensure your reloading press is securely mounted and stable.

2. Installing the Dies:

- Start with the Full Length Sizing Die:
 - Insert the die into the reloading press and tighten securely.
- Next, install the Bullet Seating Die:
 - Follow the same procedure as above, ensuring it is correctly aligned.
- Finally, install the Powder Through Expanding Die:
 - Ensure it is properly adjusted for your specific load.

3. Using the Dies:

- Lubricate all cases before sizing to prevent sticking.
- Follow the load data provided in the instructions for powder and bullet selection.
- Use the Powder Dipper to measure the correct amount of powder.
- Carefully seat the bullets using the Bullet Seating Die, ensuring proper depth.

4. After Use:

- Clean the dies and store them in a safe, dry place.
- Regularly check for wear and replace any damaged components.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Ensure that all packaging and materials are recycled or disposed of responsibly.
- Do not throw away the dies in regular trash; check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or support related to your STEEL 3DIE RIFLE SET, please contact the manufacturer directly. They can provide assistance with safety concerns, product issues, and more.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your Lee Precision STEEL 3DIE RIFLE SET responsibly.
