# Safety Instructions for the Lee Breech Lock Hand Press

## Introduction

Thank you for choosing the Lee Breech Lock Hand Press. This manual provides essential safety instructions to ensure the safe and effective use of your reloading press. Please read this guide carefully before using the product to maximize safety and performance.

## General Safety Guidelines

- Always ensure the press is used in accordance with the manufacturer's instructions.
- Keep the work area clean and organized to prevent accidents.
- Use the press in a wellventilated area to avoid inhaling any dust or fumes.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while operating the press.
- Keep the press out of reach of children and unauthorized users.
- Regularly inspect the press for any signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the press is securely mounted to a stable surface before use.
- Do not exceed the maximum overall length of 3.650 inches for cartridges.
- Avoid wearing loose clothing or jewelry that could become entangled in the press.
- Do not attempt to modify the press or use it for any purpose other than its intended use.
- Always doublecheck that the dies are properly secured before operation.
- Never place hands or fingers near moving parts during operation.
- Do not leave the press unattended while in use.

## Instructions for Installation and Usage

### 1. Installation:

- Select a sturdy workbench or table that can support the weight of the press (1 3/4 pounds).
- Securely fasten the press to the surface using appropriate mounting hardware.
- Ensure that the press is level and stable before proceeding.

### 2. Using the Breech Lock Hand Press:

- Insert the Breech Lock Quick Change Bushing into the die holder.
- To change dies, simply twist the die to release it and replace it with a new one.
- Make sure that the die is properly seated and locked in place before starting the reloading process.
- Place the cartridge case in the shell holder and ensure it is correctly positioned.
- Operate the press by pulling the handle smoothly and steadily to resize or seat the bullet.
- After completing the operation, remove the finished cartridge and inspect it for quality.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the press becomes damaged beyond repair, contact your local waste management authority for guidance on proper disposal methods.
- Ensure that any unused or expired reloading components are disposed of in a safe and responsible

manner.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product packaging. You can also check for recall updates and safety information on the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Lee Breech Lock Hand Press. Thank you for your attention to safety, and happy reloading!
