A Compact, Foldable Set of Hearing Protection Muffs

Users of over-ear hearing-protection muffs have always been plagued by the issues associated with extra bulk over their ears. For shooters, this is especially a problem, since in many cases, it prevents rifle shooters or shotgunners from getting a perfect cheek weld on their gun. The Walkers Razor Slim Electronic Muffs are designed to minimize those issues, thanks to a compact, slim design that can be folded down for easy storage. Each pair of Walkers XCEL Razor Slim Electronic Muffs features Sound Activated Compression, as well as Full Dynamic Range HD Speakers and two Hi-Gain Omnidirectional Microphones that all work in conjunction to provide premium sound reduction and enhancement in a compact package. The earmuffs are powered by two AAA batteries, and the redesigned headband provides enhanced comfort. The unit provides 23 decibels of sound reduction.

RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFF SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFF from Walkers Game Ear. This guide provides essential safety instructions and usage guidelines to ensure your safe and effective use of the product. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions.
- Always inspect the electronic muffs for any damage before use.
- Do not use the muffs if they are damaged or malfunctioning.
- Keep the muffs out of reach of children when not in use.
- Store the muffs in a dry place away from direct sunlight.
- Avoid exposure to extreme temperatures and humidity.
- Regularly check for battery health and replace batteries as necessary.

Specific Safety Precautions for Use

- **Hearing Protection:** The RAZOR SLIM electronic muffs provide 23 dB of sound reduction. Ensure they are properly fitted to your head for maximum effectiveness.
- **Comfort:** The redesigned headband enhances comfort. Adjust the headband for a snug fit without causing discomfort.
- **Battery Safety:** Use only AAA batteries as specified. Do not mix old and new batteries or different brands.
- **Hearing Sensitivity:** If you experience discomfort or any unusual sounds while using the muffs, discontinue use immediately and consult a professional.
- **Environmental Awareness:** Be aware of your surroundings and ensure that the muffs do not obstruct your ability to hear important sounds, such as warnings or alarms.

Instructions for Installation and Usage

1. Battery Installation:

- Open the battery compartment located on the inside of the headband.
- Insert two AAA batteries, ensuring correct polarity (+/-) as indicated.
- Close the battery compartment securely.

2. Adjusting the Headband:

- Place the muffs over your ears.
- Adjust the headband by sliding it up or down until you achieve a comfortable fit.

3. Using the Electronic Features:

- Turn on the muffs using the power switch located on the side.
- Adjust the volume using the designated control to suit your environment.
- The Sound Activated Compression feature will automatically reduce harmful loud sounds while amplifying quieter sounds.

4. Folding for Storage:

- After use, gently fold the muffs by bringing the ear cups together.
- Store them in a protective case or a safe location to prevent damage.

Disposal Instructions

- Dispose of the electronic muffs responsibly.
- Do not throw them in regular household waste.
- Check local regulations for electronic waste disposal and recycling options.
- Remove batteries before disposal and recycle them according to local guidelines.
