What makes this stripped lower different? The answer is simple... the KE Arms KP-15 stripped lower receiver is a monolithic polymer AR-15 style lower receiver made from injection molded, 30% glass-filled nylon. Its unique design incorporates the buffer tube, pistol grip, trigger and a 13-inch (LOP) buttstock into the receiver as integral components. The result is an affordably priced, lightweight lower receiver. The KE Arms KP-15 stripped lower receiver uses a carbine buffer and spring. The take down and pivot pins have built-in detents, which increases durability by eliminating the spring and detent holes. The buffer detent (should you choose to use it) is held in place with a 5/64" roll pin. The hammer pin area is wider for durability; standard AR-15 hammer pins can still be used, though the KE Arms longer hammer pin is recommended for customers preferring a flush pin for aesthetic reasons. The safety selector spring and detent have been designed to load from the top, then the selector is slid over them. (Standard selectors can work but removing them can be particularly difficult. KE Arms recommends the use of their designated mil-spec selector or ambi selector to make removal easier. Follow the manufacturer's assembly guide for further instructions.) Compatible with all Mil-Spec fire control groups Compatible with cassette style match triggers Flared magwell Available in black and flat dark earth MLOK Slots at rear of stock for sling attachment Pre-drilled in front for QD socket inserts Uses a standard bolt catch. Cannot accept the PDQ lever. The PDQ lever is exclusive to the WWSD complete rifle. Do NOT use anything other than standard carbine buffers and round springs or the JP SCSS in the KP-15. **WARNING!:** This item is legally classified as a receiver. You Must be 21 years old to purchase this item and a resident of the same state your transferring dealer is licensed in. Stripped Lowsers Include Pivot and Take Down Pins KP-15 Selector Detent Buttplate 5/64" Roll Pin to Retain Buffer Detent The KE Arms KP-15 is compatible with standard AR-15 uppers in calibers including .223/5.56mm NATO, .300 Blackout, 6.5mm Grendel and 6.8mm SPC. The lower receiver is also compatible with 9mm blowback systems, when used with a minimum buffer weight of 5.4oz (carbine). Failure to use a minimum buffer weight of 5.4oz can damage the lower. **CERAKOTE:** If you intend to Cerakote your KP-15 the manufacturer recommends the bake should be done at low temperatures (<190 Degrees F) and with an upper in place to prevent warping. **WARRANTY:** The KE Arms KP-15 has a lifetime warranty for normal use. If the receiver breaks through misuse or neglect, KE Arms will replace it ONCE for \$65.00. **NOTE:** Not recommended for .458 SOCOM, .50 Beowulf or .50 BMG. Please contact KE Arms if you intend to register your KP-15 lower receiver as an NFA weapon.

Attributes

- Name: [KP-15 STRIPPED LOWER RECEIVER POLYMER FDE](#)
- Manufacturer: [KE ARMS](#)

- Product no.: 100037286
- Mfr. No.: 1-61-01-007
- Cartridge: 5.56 mm NATO
- Color: Flat Dark Earth
- Finish: Anodized
- Make: AR-15
- Style: Stripped
- Delivery weight: 0.816kg
- Shipping height: 51mm
- Shipping width: 241mm
- Shipping length: 533mm
- UPC: 050806113596

Safety Instruction Guide for KE Arms KP15 Stripped Lower Receiver

Introduction

Thank you for choosing the KE Arms KP15 Stripped Lower Receiver. This guide provides important safety instructions, installation guidelines, and disposal information to ensure the safe and effective use of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure you are at least 21 years old to purchase and use this product.
- Always handle the lower receiver with care to prevent accidents.
- Use the product only with compatible AR15 uppers and components.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Legal Classification:** The KE Arms KP15 is legally classified as a receiver. Ensure compliance with local laws.
- **Buffer and Spring:** Use only standard carbine buffers and round springs or the JP SCSS in the KP15. Do not use any other types as they may cause damage.
- **Compatibility:** Ensure that your upper receiver is compatible with the KP15. The KP15 is compatible with standard AR15 uppers in various calibers including .223/5.56mm NATO, .300 Blackout, 6.5mm Grendel, and 6.8mm SPC.
- **Buffer Weight:** Use a minimum buffer weight of 5.4oz (carbine) to avoid potential damage to the lower receiver.
- **Cerakote Application:** If applying Cerakote, follow the manufacturer's recommendation to bake at low temperatures (<190 Degrees F) with an upper in place to prevent warping.
- **Selector Installation:** Use the designated milspec selector or ambi selector for easier removal and installation of the safety selector spring and detent.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components before starting the installation.
- Ensure you are in a safe and secure environment.

2. Installation Steps:

- Insert the buffer tube into the rear of the KP15 lower receiver.
- Attach the pistol grip according to the manufacturer's instructions.
- Install the trigger assembly ensuring it is compatible with the KP15.
- Secure the take down and pivot pins, ensuring they are properly seated.
- If using a safety selector, follow the specific instructions for loading the spring and detent from the top.

3. Usage:

- Once assembled, check for any loose components before use.

- Regularly inspect the lower receiver for signs of wear or damage.
- Ensure proper maintenance and cleaning as per the manufacturer's guidelines.

Disposal Instructions

- Dispose of the KE Arms KP15 in accordance with local regulations governing firearm components.
- Do not dispose of the product in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the KE Arms KP15 Stripped Lower Receiver, please refer to the manufacturer's support resources.

Please ensure you follow all safety guidelines and instructions carefully to ensure a safe and enjoyable experience with your KE Arms KP15 Stripped Lower Receiver.
