

AR-15 KP-15 COMPLETE LOWER RECEIVERS AMBIDEXTROUS POLYMER - KE ARMS KP-15 COMPLETE LOWER RECEIVER AMBIDEXTROUS POLYMER BLK

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Lower Receivers](#)

Ambidextrous Controls in an Affordable Package

What makes this lower different than its counterparts? The answer is simple... the KE Arms KP-15 is a monolithic polymer AR-15 ambidextrous lower receiver made from injection molded, 30% glass-filled nylon. Its unique design incorporates the buffer tube, pistol grip, trigger and a 13-inch (LOP) buttstock into the receiver as integral components. The result is an affordably priced, lightweight lower receiver. The KE Arms KP-15 ambidextrous lower receiver features a lower parts kit including a KE Arms SLT-1 trigger (4.5-pound pull, sear link technology) and ambi selector. The take down and pivot pins have built-in detents, which increases durability by eliminating the spring and detent holes. The lower uses a carbine buffer and spring. The buffer detent (should you choose to use it) is held in place with a 5/64" roll pin. The hammer pin area is wider for durability; standard AR-15 hammer pins can still be used, though the KE Arms longer hammer pin is recommended for customers preferring a flush pin for aesthetic reasons. The safety selector spring and detent have been designed to load from the top, then the selector is slid over them. (Standard selectors can work but removing them can be particularly difficult. KE Arms recommends the use of their designated mil-spec selector or ambi selector to make removal easier. Follow the manufacturer's assembly guide for further instructions.) Weight: 1.698 lbs. Compatible with all Mil-Spec fire control groups Compatible with cassette style match triggers Flared magwell Available in black and flat dark earth MLOK slots at rear of stock for sling attachment Pre-drilled in front for QD socket inserts Uses a standard bolt catch. Cannot accept the PDQ lever. The PDQ lever is exclusive to the WWSD complete rifle. Do NOT use anything other than standard carbine buffers and round springs or the JP SCSS in the KP-15. WARNING!: This item is legally classified as a receiver. You Must be 21 years old to purchase this item and a resident of the same state your transferring dealer is licensed in. The KE Arms KP-15 is compatible with standard AR-15 uppers in calibers including .223/5.56mm NATO, .300 Blackout, 6.5mm Grendel and 6.8mm SPC. The lower receiver is also compatible with 9mm blowback systems, when used with a minimum buffer weight of 5.4oz (carbine). Failure to use a minimum buffer weight of 5.4oz can damage the lower. CERAKOTE: If you intend to Cerakote your KP-15 the manufacturer recommends the bake should be done at low temperatures (<190 Degrees F) and with an upper in place to prevent warping.

Attributes

- Name: [KE ARMS KP-15 COMPLETE LOWER RECEIVER AMBIDEXTROUS POLYMER BLK](#)
- Manufacturer: [KE ARMS](#)
- Product no.: 100037289
- Mfr. No.: 1-61-01-003
- Cartridge: 5.56 mm NATO

- Colour: Black

Safety Instruction Guide for KE Arms KP15 Complete Lower Receiver

Introduction

Thank you for choosing the KE Arms KP15 Complete Lower Receiver. This guide provides essential safety instructions and information to ensure the safe use and handling of your product. Please read this manual carefully before use and keep it for future reference.

General Safety Guidelines

- Always treat the lower receiver as if it is loaded.
- Store your lower receiver in a secure location, out of reach of children and unauthorized users.
- Ensure you are familiar with local laws regarding firearm ownership and usage.
- Always use appropriate protective gear when handling or assembling firearms, including safety glasses and hearing protection.
- Inspect your lower receiver for any signs of damage or wear before each use.
- Do not modify the lower receiver or its components in any way that could compromise safety or functionality.

Specific Safety Precautions for Use

- Ensure you are at least 21 years old to purchase and use this product.
- Use only standard AR15 uppers and compatible parts as specified in the product description.
- Do not use the lower receiver with any nonstandard buffers or springs, except for the JP SCSS, to prevent damage.
- Always use a minimum buffer weight of 5.4oz (carbine) when using 9mm blowback systems to prevent damage.
- Follow the manufacturer's assembly guide during installation to ensure proper function and safety.
- Be mindful of the safety selector; use the designated milspec selector or ambi selector for ease of removal.
- If you intend to Cerakote your KP15, follow the manufacturer's recommendation of low bake temperatures (<190 Degrees F) to avoid warping.

Instructions for Installation and Usage

1. Installation of the Lower Receiver:

- Ensure you have a clean and welllit workspace.
- Gather all required tools and components, including the lower parts kit and an appropriate upper receiver.
- Follow the manufacturer's assembly guide stepbystep to install the lower receiver components correctly.

2. Usage:

- Before using the firearm, ensure it is unloaded and the safety is engaged.
- Familiarize yourself with the operation of the safety selector and trigger.
- Always point the firearm in a safe direction when handling.
- Use the lower receiver in conjunction with compatible AR15 uppers and ensure all components are securely attached.

3. Regular Maintenance:

- Clean the lower receiver regularly to ensure optimal performance.
- Inspect all parts for wear and replace any damaged components immediately.
- Store the lower receiver in a dry, cool place to prevent deterioration.

Disposal Instructions

- Dispose of any damaged or nonfunctional parts in accordance with local regulations.
- Do not throw away the lower receiver in regular trash; consider contacting a licensed firearms dealer for proper disposal options.

Contact Information for Further Support

For any questions or concerns regarding the KE Arms KP15 Complete Lower Receiver, please refer to the manufacturer's website or contact your dealer for assistance. Always ensure you are following the latest safety guidelines and regulations.

Important Note: This product is legally classified as a receiver. Ensure compliance with all laws and regulations regarding its purchase, use, and transfer.

Thank you for prioritizing safety while using your KE Arms KP15 Complete Lower Receiver.
