

30-06 SPRINGFIELD BRASS - STARLINE 30-06 SPRINGFLD BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The venerable 30-06 was adopted in 1906 for the 1903 Springfield service rifle for the U.S. Military. Since then, this utilitarian round has been chambered in an abundance of rifles in every action type. The 30-06 has been touted as one of the most versatile cartridges of all time due to the wide variety of projectiles available, and when the proper bullet is selected, the 30-06 is large enough to take on any game in the Western Hemisphere and almost anything in the Eastern Hemisphere.

Safety Instruction Guide for 3006 Springfield Brass

Introduction

Thank you for choosing the 3006 Springfield Brass by Starline. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Always handle ammunition and brass with care and respect.
- Ensure you are familiar with your firearm and its operation before using this product.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep out of reach of children and unauthorized individuals.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only in firearms that are specifically chambered for the 3006 Springfield cartridge.
- Inspect brass for signs of damage or wear before use. Do not use damaged brass.
- Follow all manufacturer instructions for your firearm regarding ammunition specifications.
- Wear appropriate eye and ear protection when firing.
- Ensure the firearm is pointed in a safe direction at all times.
- Do not attempt to modify or alter the brass.

Instructions for Installation and Usage

1. Preparation:

- Ensure you are in a safe environment for handling ammunition.
- Gather all necessary equipment, including your firearm, eye and ear protection, and a safe place to dispose of spent brass.

2. Loading the Brass:

- Open the bag of 3006 Springfield brass.
- Inspect each piece of brass for damage.
- If using reloaded ammunition, ensure proper reloading practices are followed.

3. Firing:

- Load the brass into the firearm according to the manufacturer's instructions.
- Always check that the firearm is unloaded when not in use.
- Fire the firearm in accordance with all safety practices.

4. PostFiring:

- After firing, ensure the firearm is cleared and safe.
- Collect spent brass for recycling or disposal.

Disposal Instructions

- Dispose of spent brass and any damaged ammunition in accordance with local regulations.
- Do not throw brass in regular trash; consider recycling options available in your area.

Contact Information for Further Support

For safety inquiries or further assistance regarding the 3006 Springfield Brass, please consult the manufacturer's website or contact your local authority.

This guide is designed to help you use the 3006 Springfield Brass safely and effectively. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important safety instructions.
