

# REFLEX MINI SIGHT WATERPROOF - SHIELD SIGHTS LTD. REFLEX MINI SIGHT WATERPROOF 8 MOA DOT GLASS EDITION

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The RMSw is designed to resist damage from water or other harsh environmental conditions. The RMS-W is gasket sealed to create a watertight fit between the slide and the battery compartment without the need for additional mounting plates. When the sight is mounted it will remain watertight at depths of up to 20 meters for over 30 minutes. The RMS-W also features a newly designed frame which adds thickness to the housing as well as a new side profile. The RMS-W will also be the first sight in the RMS line to benefit from the newly developed hard coated polymer lens. The RMS-W has the same footprint as all previous Shield mini sights and will fit any slide that has already been cut for the RMS, RMS-C, SMS, or Jpoint. Shield's sight mounting options are vast and they currently offer over 40 solutions to fit a mini sight to a wide range of popular pistols, scopes, shotguns and rifles.

## Attributes

- Name: [SHIELD SIGHTS LTD. REFLEX MINI SIGHT WATERPROOF 8 MOA DOT GLASS EDITION](#)
- Manufacturer: [SHIELD SIGHTS LTD.](#)
- Product no.: 100043599

# REFLEX MINI SIGHT WATERPROOF SHIELD SIGHTS LTD. Safety Instruction Guide

## Introduction

Congratulations on your purchase of the REFLEX MINI SIGHT WATERPROOF SHIELD SIGHTS LTD. This guide provides essential safety instructions to ensure the safe and effective use of your reflex sight. Please read this manual thoroughly before use to familiarize yourself with the product and its safety features.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions to avoid accidents or injuries.
- Regularly inspect the sight for any signs of damage or wear, especially after exposure to harsh environmental conditions.
- Keep the sight and its components out of reach of children and vulnerable individuals to prevent accidental injury.
- Always use the sight in a safe environment, ensuring that you are aware of your surroundings.
- In case of any malfunction or damage, cease use immediately and contact the manufacturer for support.

## Specific Safety Precautions for Use

- Do not submerge the sight beyond its rated capacity of 20 meters for more than 30 minutes.
- Avoid using the sight in extreme temperatures or environments that may compromise its integrity.
- Ensure that the battery is installed correctly to prevent leaks or malfunctions.
- Do not attempt to disassemble or modify the sight, as this may void the warranty and compromise safety.
- When using the sight, ensure that it is securely mounted to the firearm to prevent accidental dislodging.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction before installation.
- Clean the mounting area of the slide to remove any debris or oil.
- Align the RMSW sight with the precut slide for the RMS, RMSC, SMS, or Jpoint.
- Securely fasten the sight using the appropriate screws provided in the package.
- Check the tightness of the screws to ensure the sight is stable.

### 2. Usage:

- Power on the sight using the designated button.
- Adjust the brightness settings based on your environment for optimal visibility.
- Familiarize yourself with the 8 MOA red dot reticle for accurate aiming.
- Regularly check the battery life and replace it when necessary to maintain performance.
- Always practice safe handling of the firearm while using the sight.

## Disposal Instructions

- Dispose of the sight and its components in accordance with local regulations for electronic waste.
- Remove the battery before disposal and recycle it at designated battery recycling points.
- Do not dispose of the product in regular household waste to prevent environmental harm.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report unsafe conditions, please reach out to your local authorized dealer or the manufacturer directly.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure a safe and enjoyable experience with your REFLEX MINI SIGHT WATERPROOF SHIELD SIGHTS LTD. Always prioritize safety and reach out for assistance when needed. Thank you for choosing our product.
