The belt clip has one job, retain the holster in the pants. Whether that be keeping the holster and weapon secure during whatever activity life throws at you, or keeping the holster in the pants upon draw, the job remains the same. It's an important job; and some do it better than others, but the Stache™ IWB 1.5" Belt Clip arguably does it best. Designed specifically to work with both thicker, dedicated concealed carry belts or thinner daily use belts, it still gets the job done. Utilizing an aggressive, wrap around J-Style clip design and rigid properties, Stache™ IWB 1.5" Belt Clip is designed to grab and hold. With its elongated 3/4" center-to-center hole spacing, it ensures maximum versatility and provides the end user the modularity they seek, without compromise in strength and integrity.
