Safety Instruction Guide for EPC Lower Parts Kit with MOE Grip

Introduction

Thank you for choosing the EPC Lower Parts Kit with MOE Grip by Aero Precision. This guide provides essential safety information and instructions to ensure the safe use and installation of your product. Please read this guide thoroughly before using the kit.

General Safety Guidelines

- Ensure that all assembly and installation are performed in a safe environment, free from distractions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during assembly.
- Keep the kit and all parts out of reach of children and unauthorized individuals.
- Inspect all parts for damage or defects before use. Do not use damaged parts.
- Follow all local laws and regulations regarding firearm assembly and use.
- Be aware of your surroundings and ensure you are in a safe location when handling any firearm components.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper assembly can lead to malfunction or injury.
 - Failure to follow instructions may result in unsafe firearm operation.
- **Instructions for Avoiding Hazards:**
 - Carefully follow all assembly instructions provided in this guide.
 - Do not force parts together; ensure they fit properly.
 - Always doublecheck your work before attempting to use the assembled firearm.
 - Ensure that the firearm is unloaded and pointed in a safe direction during assembly and handling.
- **Age or Audience Specific Warnings:**
 - This product is intended for adult users only. Keep out of reach of children.
 - Ensure that all users are knowledgeable about firearm safety and operation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and parts from the kit.
- Ensure a clean and organized workspace.

2. Assembly Instructions:

- Start by installing the takedown/pivot spring and detent.
- Insert the hardened trigger/hammer pins into the designated slots.
- Attach the takedown pin and pivot pin securely.
- Install the bolt catch, ensuring the bolt catch spring and buffer are correctly positioned.
- Attach the safety selector along with its spring and detent.

- Use the 440 set screw for the threaded takedown pin detent hole.
- Install the buffer retainer and buffer retainer spring.
- Attach the Magpul MOE® grip using the pistol grip screw.
- Ensure that the trigger spring, hammer spring, and disconnect spring are installed correctly.
- Finally, check the assembly to ensure all parts are secure and functioning properly.

3. Post Installation Checks:

- Verify that the assembled lower receiver operates smoothly.
- Conduct a function check to ensure all components are working as intended.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If any parts are damaged or no longer usable, dispose of them in a responsible manner, ensuring they do not pose a risk to others.
- Do not dispose of firearm components in regular trash. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the EPC Lower Parts Kit with MOE Grip, please refer to the contact information provided on the product packaging or visit the manufacturer's website. It is essential to have an EU-based contact for safety inquiries.

Conclusion

Your safety is our priority. By following the instructions and guidelines outlined in this document, you can ensure a safe and successful assembly of your EPC Lower Parts Kit with MOE Grip. For any further assistance, consult a qualified professional or reach out to the manufacturer. Thank you for your commitment to safety.
