# Icarus Click Adjustable Gas Block Safety Instruction Guide

## Introduction

Thank you for choosing the Icarus Click Adjustable Gas Block by Foxtrot Mike Products. This guide provides essential safety instructions and operational guidelines to ensure the safe and effective use of your gas block on the AR15 platform. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the gas block is installed by a qualified gunsmith or a knowledgeable individual familiar with firearms.
- Always treat your firearm as if it is loaded, even when it is not.
- Store the gas block and any firearms safely, out of reach of children and unauthorized users.
- Regularly inspect your gas block and firearm for any signs of wear or damage.
- Always follow the manufacturer's instructions for your firearm and gas block.

## Specific Safety Precautions for Use

- Only use the gas block with AR15 style rifles.
- Ensure that the gas block is properly adjusted before firing to avoid excessive gas pressure or insufficient cycling.
- Wear appropriate eye and ear protection when using your firearm.
- Do not make adjustments to the gas block while the firearm is loaded or in a potentially dangerous environment.
- Be aware of your surroundings and ensure that you have a safe backstop when firing.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Gather Required Tools:

- Allen wrench (size specified in the product manual)
- Torque wrench (optional, for precise installation)

#### 2. Prepare the Firearm:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing gas block if applicable.

#### 3. Install the Gas Block:

- Position the Icarus Click Adjustable Gas Block over the gas port on the barrel.
- Secure the gas block using the provided set screws. Tighten evenly to ensure a proper fit.
- If using a torque wrench, follow the manufacturer's specifications for torque settings.

#### 4. Adjust the Gas Block:

- Use the side adjust mechanism to set the desired gas flow. You have access to 24 different adjustment settings.
- Ensure that the adjustment is within the recommended range for your specific firearm setup.

## 5. Final Checks:

- Inspect the installation to ensure that the gas block is properly seated and secured.
- Check for any obstructions in the gas port and ensure that the block is aligned correctly.

## Usage Instructions

### 1. Before Firing:

- Perform a function check to ensure that the gas block is operating correctly.
- Make any necessary adjustments to the gas setting based on your ammunition and firearm configuration.

### 2. During Firing:

- Monitor the performance of the firearm. If you experience any malfunctions, cease firing immediately and inspect the gas block.
- Make adjustments as needed while ensuring that the firearm is unloaded before making any changes.

### 3. After Firing:

- Clean the gas block and surrounding area to prevent carbon buildup.
- Regularly check the adjustment settings to ensure they have not changed during use.

## Disposal Instructions

- Dispose of the gas block in accordance with local regulations.
- If the gas block is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding the Icarus Click Adjustable Gas Block, please refer to the manufacturer's website or contact their customer service department. Ensure that you have the product information ready for a more efficient response.

Thank you for your attention to these safety guidelines. Enjoy the reliable performance of your Icarus Click Adjustable Gas Block and practice safe shooting!
