Slate Grips are a drop in/screw on upgrade to any grip, rail or any in-spec MLOK compatible system. The thin profile and raised texture offer an enhanced gripping surface for the user. These panels boast durable steel hardware and extra MLOK lugs (over some similar designs) for increased durability and security. The grip material maintains the ability to withstand high temperatures, providing the user with insulation. Designed by military and competition shooters, Slate Grips will interface well with many of the popular hand stops, vertical grips, and angled grips available on the market today. SBI polymers are optimized for stippling, but we highly recommend BLACK polymers for stippling only due to polymer dye discoloration. SBI's FDE is a "peanut-butter" brown, and ODG is a direct match for Magpul's coloration. Sometimes photography may show it in a skewed color depending on the studio lights used. Available in 1 slot, 2 slot, or 3 slot variety, Slate Grips are sold in packs of three (3). Material: fiber reinforced high-temp polymer. Length [1-Slot - 1.57in long - 2-Slot - 3.16in long - 3-Slot - 4.74in long]

# Safety Instruction Guide for SLATE GRIP MLOK PANELS

## Introduction

Thank you for choosing the SLATE GRIP MLOK PANELS. This guide provides essential safety information to ensure the safe use and installation of this product. Please read this guide carefully before using the panels to understand how to use them safely and effectively.

## General Safety Guidelines

- Ensure that the SLATE GRIP MLOK PANELS are compatible with your MLOK system before installation.
- Always inspect the panels for any damage or defects before use.
- Keep the panels out of reach of children and vulnerable individuals to prevent accidents.
- If you notice any signs of wear or damage, discontinue use immediately and replace the product.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the panels if they are cracked, warped, or otherwise damaged.
- Avoid exposure to extreme temperatures beyond the product specifications to maintain performance.
- Ensure that the installation does not interfere with the operation of other components on your firearm.
- Use the panels only as intended; do not modify or alter them in any way.
- Always wear appropriate safety gear, such as eye protection, when handling or installing the panels.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation, including screws and screwdrivers.
- Ensure your firearm is unloaded and safe before beginning installation.

### 2. Installation Steps:

- Align the SLATE GRIP MLOK PANELS with the desired position on your MLOK rail.
- Insert the provided screws through the panel lugs into the MLOK slots.
- Tighten the screws securely, ensuring the panels are firmly attached without overtightening, which could damage the panels or the rail.
- Check the installation by gently pulling on the panels to ensure they are secure.

### 3. Usage:

- Use the panels to enhance grip while handling your firearm.
- Regularly check the panels during use to ensure they remain secure and undamaged.

## Disposal Instructions

- Dispose of the SLATE GRIP MLOK PANELS in accordance with local regulations.
- Do not dispose of the panels in general waste if they are made from nonbiodegradable materials.
- Consider recycling options for the polymer material where available.
