Safety Instruction Guide for T3/T3X Bolt Stops

Introduction

Thank you for choosing the T3/T3X Bolt Stops from Mountain Tactical. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always ensure that your firearm is unloaded before performing any maintenance or installation work.
- Keep the product out of reach of children and unauthorized users.
- Inspect the bolt stop for any damage before installation. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Use protective eyewear when handling tools and during installation.

Specific Safety Precautions for Use

- Ensure that the bolt stop is compatible with your Tikka T3 or T3X model.
- Do not exceed the manufacturer's recommended specifications when installing or using the bolt stop.
- Avoid using excessive force during installation to prevent damage to the bolt stop or the firearm.
- If you experience any issues with the bolt stop during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools: a screwdriver and any other tools specified in the product manual.
- Ensure that the firearm is completely unloaded and in a safe position.

2. Removing the Existing Bolt Stop

- Locate the existing bolt stop on your Tikka T3 or T3X.
- Use the screwdriver to carefully remove the screws holding the bolt stop in place.
- Gently lift the old bolt stop away from the firearm.

3. Installing the New Bolt Stop

- Align the new Mountain Tactical bolt stop with the mounting holes on your firearm.
- Secure the bolt stop in place using the screws removed earlier. Ensure they are tightened properly but do not overtighten.
- Doublecheck that the bolt stop is securely installed and does not move.

4. Testing the Installation

- After installation, perform a function check to ensure the bolt stop operates correctly.
- Test the firearm's function with dummy rounds to ensure proper operation before live fire.

5. Regular Maintenance

- Inspect the bolt stop regularly for wear or damage.
- Clean the bolt stop as needed to maintain optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the bolt stop, follow local guidelines for metal recycling or disposal of firearm components.

Contact Information for Further Support

For any questions or concerns regarding the T3/T3X Bolt Stops, please refer to the Mountain Tactical website or contact your local distributor for assistance.

Thank you for your attention to these safety guidelines. Enjoy your enhanced shooting experience with the T3/T3X Bolt Stops from Mountain Tactical!
