Safety Instruction Guide for 6INCH SKELETONIZED TUBE JMAC CUSTOMS

Introduction

Thank you for choosing the 6INCH SKELETONIZED TUBE from JMAC CUSTOMS. This product is designed to enhance your firearm experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of this product safely.

General Safety Guidelines

- Always handle your firearm with care and respect. Treat every firearm as if it is loaded.
- Ensure that your firearm is unloaded before installing or making adjustments to the SKELETONIZED TUBE.
- Only use the SKELETONIZED TUBE with compatible M4 style stocks and braces.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is equipped with a 1913 attachment rail on the rear before installation.
- Use the appropriate adapter if your firearm does not have a 1913 attachment rail.
- Avoid using the product in extreme conditions that may compromise its integrity, such as excessive heat or moisture.
- Do not exceed the recommended weight limit for the equipment attached to the SKELETONIZED TUBE.
- Always secure the integrated QD sling sockets properly before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and in a safe location.
- Gather all necessary tools for installation.

2. Installation:

- Remove the existing buffer tube if applicable.
- Attach the SKELETONIZED TUBE to the rear of the firearm where the buffer tube was located.
- Ensure that the tube is securely fastened and aligned properly.

3. Adjusting the Positions:

- The SKELETONIZED TUBE features 6 adjustable positions. Choose the position that best suits your comfort and shooting style.
- Ensure that the adjustment mechanism is locked in place before use.

4. Using the Product:

- Once installed, you can attach your preferred M4 style stock or brace.
- Use the integrated QD sling sockets for attaching slings as needed.

5. PostUse Inspection:

- After using the product, inspect it for any signs of wear or damage.
- Store the firearm and the SKELETONIZED TUBE in a secure location.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum components where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer or authorized dealer. Ensure that you have the product details ready for efficient assistance.

This safety instruction guide is designed to provide essential information for the safe use and maintenance of the 6INCH SKELETONIZED TUBE. By following these guidelines, you can ensure a safe and enjoyable experience with your firearm. Thank you for your attention to safety.
