

REMINGTON 788 STANDARD ACTION SCOPE BASES - EGW

REMINGTON 788 STANDARD ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 788 Standard Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for REMINGTON 788 STANDARD ACTION SCOPE BASES

Introduction

Thank you for choosing the EGW Remington 788 Standard Action Scope Bases. This product is designed to enhance the versatility of your shotgun by providing a one-piece Picatinny scope rail without the need for drilling or tapping. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is installed correctly to avoid any accidents during use.
- Always handle firearms and accessories responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for wear or damage before each use.
- If you notice any defects or issues, discontinue use and consult a qualified gunsmith or contact the manufacturer.

Specific Safety Precautions for Use

- Use only Picatinny or Weaver scope rings that are compatible with the scope bases.
- Do not exceed the recommended torque of 20 inch lbs when installing the scope bases.
- Apply a drip of blue Loctite to the screws during installation to prevent loosening.
- Avoid using excessive force when adjusting the scope to prevent damage to the scope bases or the firearm.
- Ensure that the firearm is unloaded and pointed in a safe direction before installing or adjusting the scope.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: socket head Torx® wrench and blue Loctite.
- Ensure the firearm is unloaded and in a safe position.

2. Installation:

- Locate the factory scope mount holes on the gun's receiver.
- Align the EGW Remington 788 Scope Bases with the mount holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Use the Torx® wrench to tighten the screws to a torque of 20 inch lbs.
- Apply a drip of blue Loctite to each screw to secure them in place.

3. Usage:

- Attach your chosen Picatinny or Weaver scope rings to the installed scope bases.
- Adjust the scope to your desired eye relief and ensure it is securely mounted.
- Perform a function check to ensure the scope is stable and aligned.

Disposal Instructions

- When disposing of the product, ensure it is done in accordance with local regulations.
- Consider recycling the aluminum components where possible.

- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the EGW Remington 788 Standard Action Scope Bases, please consult the manufacturer's customer service or your local authorized dealer.

Remember to report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform. Your safety is our priority, and we appreciate your commitment to responsible firearm ownership.
