

RUGER® REVOLVER SCOPE BASES - EGW RUGER REVOLVER MOUNT BLACK NO HOLES

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

Fits Factory Drilled & Tapped Revolvers

EGW Ruger Revolver Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

RUGER® REVOLVER SCOPE BASES Consumer Safety Instruction Guide

Introduction

Thank you for choosing the EGW Ruger Revolver Scope Bases. This product is designed to enhance your shooting experience by providing a reliable and versatile mounting solution for your scope. To ensure your safety and the proper functioning of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before installing or adjusting the scope base.
- Check for any visible damage to the scope base before use. Do not use if damaged.
- Store the scope base in a safe, dry place away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Regularly inspect the scope base and mounting screws for wear or damage.

Specific Safety Precautions for Use

- Only use the scope base with compatible Ruger revolver models.
- Ensure that the scope rings used are compatible with Picatinny or Weaver systems.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope base.
- Use a drip of blue Loctite on screws to prevent loosening due to recoil.
- Avoid using the scope base in extreme environmental conditions (e.g., excessive heat, moisture) that may affect its integrity.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a Torx® wrench and blue Loctite.

2. Installation:

- Locate the factory scope mount holes on the gun's receiver.
- Align the scope base with the holes and insert the provided socket head Torx® screws.
- Tighten each screw gradually, alternating between screws to ensure even pressure.
- Apply a torque of 20 inch lbs to each screw.
- Add a drip of blue Loctite to each screw to secure them in place.

3. Usage:

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the scope for proper eye relief and secure the scope rings according to the manufacturer's instructions.
- Test the setup by aiming at a target and ensuring the scope is properly aligned.

4. PostInstallation Checks:

- After installation, doublecheck that all screws are tightened and the scope is securely mounted.

- Perform a function check to ensure that the firearm operates correctly with the new scope base.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the scope base reaches the end of its life, dispose of it in an environmentally friendly manner. Check with local waste management facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the EGW Ruger Revolver Scope Bases, please refer to the product packaging or the manufacturer's website for contact information and support resources.

By following these guidelines and instructions, you can ensure the safe and effective use of your RUGER® REVOLVER SCOPE BASES. Always prioritize safety and responsible firearm handling practices.
