

# MOSSBERG PATRIOT SHORT ACTION & MVP 7.62 PICATINNY SCOPE MOUNT - EGW MOSSBERG PATRIOT SA 1-PIECE PICATINNY BASE 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

This mount comes standard with a bevel on both sides making it ambidextrous. EGW recommends measuring the hole spacing in your receiver to confirm it matches with the dimensions they have published. Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. The channel in the center reduces the overall mass of the mount. Also, in many cases, it will not obstruct usage of factory iron sights. Their one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. They machine these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type II anodized for long lasting durability. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). They recommend: 0 MOA - if shooting 0-500 yards 20 MOA - if shooting 500-1000 yards When zeroing your rifle with a 20 MOA mount, they recommend zeroing at 200 yards. The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA.

## Attributes

- Name: [EGW MOSSBERG PATRIOT SA 1-PIECE PICATINNY BASE 0 MOA](#)
- Manufacturer: [EGW](#)
- Product no.: 296000626
- Mfr. No.: 45700
- Action Type: Short
- Colour: Black
- Elevation: 0 MOA
- Material: Aluminum
- Model: Patriot
- Number of Bases: 1-Piece
- Style: Picatinny Rail
- Weapon type: Mossberg
- Delivery weight: 0.088kg
- Shipping height: 19mm
- Shipping width: 84mm
- Shipping length: 229mm
- UPC: 841370112838

# Safety Instruction Guide for MOSSBERG PATRIOT SHORT ACTION & MVP 7.62 PICATINNY SCOPE MOUNT

## Introduction

Thank you for choosing the MOSSBERG PATRIOT SHORT ACTION & MVP 7.62 PICATINNY SCOPE MOUNT. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that all safety guidelines are followed to prevent accidents and injuries.
- Always handle firearms and accessories with care and respect.
- Keep this product out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of wear or damage before use.
- Use only recommended accessories and installation methods as specified in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Verify that the scope mount is compatible with your firearm before installation.
- Always ensure that the firearm is unloaded before attaching or detaching the scope mount.
- Use appropriate tools and follow torque specifications to avoid damage to the mount or firearm.
- Be cautious when using the mount to ensure it does not obstruct the use of factory iron sights.
- Do not exceed the recommended torque of 20 inch lbs during installation.
- Use blue loctite as recommended to secure screws, and allow it to cure properly before use.
- Regularly check the mount and screws for tightness, especially after heavy use or after transportation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and the recommended blue loctite.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Measure the hole spacing in your receiver to confirm compatibility with the mount.
- Align the scope mount with the mounting holes on the firearm.
- Insert the screws through the mount into the receiver holes.
- Apply a drop of blue loctite to each screw before tightening.
- Using a torque wrench, tighten each screw to 20 inch lbs.

### 3. Usage:

- After installation, check the alignment of the scope and ensure it is securely mounted.
- When zeroing your rifle with the 20 MOA mount, it is recommended to zero at 200 yards.
- Adjust your scope as needed for your specific shooting distance and conditions.

## **Disposal Instructions**

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check for specific recycling programs in your area for firearm accessories.

## **Contact Information for Further Support**

For any questions or concerns regarding the MOSSBERG PATRIOT SHORT ACTION & MVP 7.62 PICATINNY SCOPE MOUNT, please refer to your retailer or manufacturer for assistance.

Thank you for your attention to these safety instructions. Enjoy your shooting experience responsibly and safely.
