

BROWNING A-BOLT SHORT ACTION SCOPE BASES - EGW

BROWNING A-BOLT SA 1-PIECE PICATINNY BASE 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning A-Bolt Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for BROWNING ABOLT SHORT ACTION SCOPE BASES

Introduction

Thank you for choosing the EGW Browning ABolt Short Action Scope Bases. This guide provides essential safety instructions and information to ensure the safe use and installation of your product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all safety precautions are followed during installation and use.
- Always handle the product with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation or use may lead to scope misalignment, which can affect accuracy and safety.
- **Avoiding Hazards:**
 - Ensure that the scope bases are properly aligned before tightening screws.
 - Do not exceed the recommended torque specifications when mounting the bases.
 - Use only compatible scope rings (Picatinny or Weaver) to ensure secure mounting.
 - Check that all screws are tightened securely before use.
- **AgeSpecific Warnings:** This product is not intended for use by children. Ensure that it is installed and used by individuals who are knowledgeable about firearms and scope mounting.

Instructions for Installation and Usage

- **Installation:**
 1. Gather necessary tools: socket head Torx® wrench (included) and a torque wrench.
 2. Ensure the firearm is unloaded and pointed in a safe direction.
 3. Locate the factory scope mount holes on the receiver of the Browning ABolt.
 4. Align the EGW Picatinny base with the mount holes.
 5. Insert the socket head Torx® screws into the base and handtighten them initially.
 6. Use a torque wrench to tighten the screws to a torque of 20 inch lbs.
 7. Apply a drop of blue Loctite to each screw for added security.
 8. Verify that the base is securely mounted and does not move.
- **Usage:**
 - After installation, mount your scope according to the manufacturer's instructions.
 - Adjust the eye relief and ensure the scope is securely attached to the Picatinny rail.
 - Regularly check the tightness of the screws and the integrity of the installation before each use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum waste.
- Do not dispose of the product in general waste; recycle whenever possible.

- Remove any nonmetal components before recycling.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to your local safety authority or the EU's Safety Gate platform for guidance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
