

RUGER® REVOLVER SCOPE BASES - EGW RUGER® REVOLVER MOUNT SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

Fits Factory Drilled & Tapped Revolvers

EGW Ruger Revolver Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for RUGER® Revolver Scope Bases

Introduction

Thank you for choosing the EGW Ruger Revolver Scope Bases. This guide provides important safety information and instructions to ensure the safe and effective use of your new scope bases. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure the product is compatible with your firearm model before installation.
- Only use the scope bases for their intended purpose as specified in this guide.
- Keep the scope bases out of reach of children and vulnerable individuals.
- Regularly check the scope bases for wear and damage. Do not use if damaged.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always confirm that your firearm is unloaded before installing or adjusting the scope bases.
- Use appropriate tools when installing the scope bases to avoid injury.
- Follow the recommended torque specifications to prevent overtightening, which may damage the scope bases or your firearm.
- Use blue loctite as recommended to secure the screws and prevent loosening during use.
- Ensure that all screws are properly tightened before using the firearm.
- Do not exceed the weight limit of the scope bases with heavy optics.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools: a socket head Torx® wrench and blue loctite.
- Ensure your firearm is unloaded and in a safe working environment.

2. Installation Steps

- Align the scope base with the factory scope mount holes on your Ruger revolver's receiver.
- Use the provided socket head Torx® screws to secure the base.
- Apply blue loctite to the screws before tightening.
- Tighten the screws to a torque of 20 inch lbs. Ensure they are snug but do not overtighten.

3. Using the Scope Bases

- Once installed, you may attach your Picatinny or Weaver scope rings to the base.
- Adjust the scope to your preferred eye relief and secure it according to the scope manufacturer's instructions.
- Regularly check the tightness of the screws and the integrity of the installation before each use.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If you need to dispose of the scope bases, check with local waste management for proper disposal methods for aluminum products.

Contact Information for Further Support

For any questions or concerns regarding the installation or use of the EGW Ruger Revolver Scope Bases, please refer to the manufacturer's contact information provided with your product.

By following this safety instruction guide, you will help ensure a safe and enjoyable experience with your EGW Ruger Revolver Scope Bases. Thank you for your attention to these important safety measures.
