

# TAPS SYNC - UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

TAPS (Tactical Augmented Pressure Switch) from TNVC and Unity Tactical is a complete one point command and control system for all weapon-mounted electronics. It provides low profile, dual-device control for lights and lasers. TAPS mounts directly to any industry standard rail, including M1913 Picatinny, KEYMOD, and M-LOK. No third party rail adapters are needed, keeping the weapon lighter and sleeker. It features two on-board buttons and two accessory leads. Available in 4 button configurations, TAPS SYNC utilizes a patented double pole dome switch to fire both devices simultaneously on isolated circuits to protect your devices. This TAPS switch comes standard with a Surefire Light lead and MIL-Standard / Crane Laser Lead that fits NATO standard lasers from Insight Technology, Steiner, B.E. Meyers, and others. TAPS is waterproof to 1 meter for 30 minutes when properly installed on a rail, and features more durable buttons than many competing pressure switches on the market. Its hardened housing will keep TAPS standing up to the rigors of the battlefield TAPS SYNC allows the user to fire two devices simultaneously with one button, and is available in 4 button variations: Variant 1 - Button1: Light | Button2: Light + Laser Variant 2 - Button1: Laser | Button2: Light + Laser Variant 3 - Button1: Light + Laser | Button2: Light Variant 4 - Button1: Light + Laser | Button2: Laser Note: the dual-function SYNC button requires a slightly higher activation force than the standard single device button. Mode(s): Momentary Only Weight: 2.25oz w/hardware Waterproof: 1 meter for 30 minutes

## Attributes

- Name: [UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH BLACK](#)
- Manufacturer: [UNITY TACTICAL](#)
- Product no.: 430100013
- Mfr. No.: TAPS-SD9B
- Colour: Black
- Delivery weight: 0.077kg
- Shipping height: 6mm
- Shipping width: 76mm
- Shipping length: 381mm
- UPC: 810007880877

# TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH BLACK Safety Instruction Guide

## Introduction

Thank you for choosing the TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH BLACK. This product is designed to provide reliable control for weaponmounted electronics. To ensure your safety and the optimal performance of the device, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the TAPS SYNC by adhering to all safety instructions. This product is designed for nonfood use and complies with EU safety regulations.
- **Hazard Identification:** Be aware of potential hazards, including electrical risks and improper installation that may lead to device malfunction.
- **Enhanced Recalls:** Stay informed about any product recalls. In case of a recall, standardized notices will be provided along with free remedies for any dangerous products.
- **Online Shopping:** When purchasing online, ensure that the platform complies with safety requirements, similar to physical stores.
- **Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EUbased contact point.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for quick updates on unsafe products.

## Specific Safety Precautions for Use

- **Installation:**
  - Ensure the TAPS SYNC is properly mounted on a compatible rail (M1913 Picatinny, KEYMOD, or MLOK).
  - Confirm that all connections are secure before use.
- **Usage:**
  - Do not exceed the specified waterproof rating of 1 meter for 30 minutes.
  - Avoid using the device in extreme temperatures or harsh environments that may damage the product.
  - Use the TAPS SYNC only as intended, following the button configurations provided.
- **Maintenance:**
  - Regularly inspect the pressure switch for wear or damage.
  - Clean the device with a soft, dry cloth. Do not use harsh chemicals or solvents.
- **Storage:**
  - Store the device in a cool, dry place away from direct sunlight.
  - Keep out of reach of children and unauthorized users.

# Instructions for Installation and Usage

## 1. Installation:

- Ensure the weapon is unloaded and safe to handle.
- Select the appropriate mounting rail on your weapon.
- Align the TAPS SYNC with the rail and secure it using the provided hardware.
- Connect the Surefire Light lead and MILStandard / Crane Laser Lead to their respective devices.

## 2. Button Configuration:

- Familiarize yourself with the button configurations:
  - **Variant 1:** Button1 Light | Button2 Light + Laser
  - **Variant 2:** Button1 Laser | Button2 Light + Laser
  - **Variant 3:** Button1 Light + Laser | Button2 Light
  - **Variant 4:** Button1 Light + Laser | Button2 Laser
- Note: The dualfunction SYNC button requires a slightly higher activation force than the standard single device button.

## 3. Usage:

- To activate the light or laser, press the appropriate button according to the selected configuration.
- For momentary activation, press and hold the button. Release to turn off.
- Ensure that both devices are functioning correctly before use in the field.

# Disposal Instructions

- **Environmental Considerations:** Dispose of the TAPS SYNC in accordance with local regulations regarding electronic waste.
- **Battery Disposal:** If applicable, remove any batteries and dispose of them according to local hazardous waste guidelines.

# Contact Information for Further Support

For further assistance or inquiries regarding the TAPS SYNC, please refer to the manufacturer's website or customer support resources available in your region.

By following these safety instructions, you can ensure the safe and effective use of the TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH BLACK. Thank you for your attention to safety!
