

TAPS SYNC - UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH FDE

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

TAPS (Tactical Augmented Pressure Switch) from TNVC and Unity Tactical is a complete one point command and control system for all weapon-mounted electronics. It provides low profile, dual-device control for lights and lasers. TAPS mounts directly to any industry standard rail, including M1913 Picatinny, KEYMOD, and M-LOK. No third party rail adapters are needed, keeping the weapon lighter and sleeker. It features two on-board buttons and two accessory leads. Available in 4 button configurations, TAPS SYNC utilizes a patented double pole dome switch to fire both devices simultaneously on isolated circuits to protect your devices. This TAPS switch comes standard with a Surefire Light lead and MIL-Standard / Crane Laser Lead that fits NATO standard lasers from Insight Technology, Steiner, B.E. Meyers, and others. TAPS is waterproof to 1 meter for 30 minutes when properly installed on a rail, and features more durable buttons than many competing pressure switches on the market. Its hardened housing will keep TAPS standing up to the rigors of the battlefield TAPS SYNC allows the user to fire two devices simultaneously with one button, and is available in 4 button variations: Variant 1 - Button1: Light | Button2: Light + Laser Variant 2 - Button1: Laser | Button2: Light + Laser Variant 3 - Button1: Light + Laser | Button2: Light Variant 4 - Button1: Light + Laser | Button2: Laser Note: the dual-function SYNC button requires a slightly higher activation force than the standard single device button. Mode(s): Momentary Only Weight: 2.25oz w/hardware Waterproof: 1 meter for 30 minutes

Attributes

- Name: [UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH FDE](#)
- Manufacturer: [UNITY TACTICAL](#)
- Product no.: 430100016
- Mfr. No.: TAPS-SD9F
- Colour: Flat Dark Earth
- Delivery weight: 0.073kg
- Shipping height: 13mm
- Shipping width: 70mm
- Shipping length: 362mm
- UPC: 810007880884

TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH FDE Safety Instructions

Introduction

Thank you for choosing the TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH FDE. This product is designed to enhance your weaponmounted electronics experience with safety and efficiency. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- **Product Safety:** This product has been designed to ensure safe use in accordance with EU General Product Safety Regulations (GPSR).
- **Enhanced Recalls:** In the event of safety concerns, standardized recall notices will be provided, and free remedies will be available.
- **Online Shopping:** When purchasing this product online, you are entitled to the same safety protections as when shopping in physical stores.
- **Special Consumer Focus:** Extra precautions have been taken to safeguard vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Stay informed about any unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the user manual before using the product.
- **Inspect Before Use:** Check the TAPS SYNC for any visible damage or defects before installation.
- **Proper Installation:** Ensure the product is installed according to the instructions to avoid hazards.
- **Avoid Moisture:** Although the product is waterproof to 1 meter for 30 minutes, avoid exposing it to unnecessary moisture.
- **Do Not Modify:** Do not attempt to modify or repair the product yourself. This could lead to safety hazards.
- **Keep Away from Children:** This product is not a toy. Keep it out of reach of children.
- **Use in Safe Environment:** Only use the product in environments where it is safe to do so.

Instructions for Installation and Usage

1. Installation:

- Ensure the weapon is unloaded and safe before installation.
- Mount the TAPS SYNC directly onto any industrystandard rail (M1913 Picatinny, KEYMOD, MLOK).
- Follow the specific mounting instructions provided in the manual.

2. Using the Device:

- To activate the light or laser, press the corresponding button.
- Note that the dualfunction SYNC button requires a slightly higher activation force than the standard single device button.
- Ensure that both devices are functioning properly before use.

3. Weight Consideration:

The product weighs 2.25 oz with hardware, which should be considered when mounting on your weapon.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the TAPS SYNC in accordance with local regulations regarding electronic waste.
- **Recycling:** Where possible, recycle the product to minimize environmental impact.

Contact Information for Further Support

For any inquiries or additional support regarding the TAPS SYNC UNITY TACTICAL TAPS SYNC SURFIRE/DBAL LASER 9" PRESSURE SWITCH FDE, please refer to the designated EU contact point or your retailer.

Thank you for following these safety instructions. Your safety is our priority.
