

TAPS SYNC - UNITY TACTICAL TAPS SYNC SUREFIRE/NGAL LASER 9" PRESSURE SWITCH BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

TAPS (Tactical Augmented Pressure Switch) from TNVC and Unity Tactical is a complete one point command and control system for all weapon-mounted electronics. It provides low profile, dual-device control for lights and lasers. TAPS mounts directly to any industry standard rail, including M1913 Picatinny, KEYMOD, and M-LOK. No third party rail adapters are needed, keeping the weapon lighter and sleeker. It features two on-board buttons and two accessory leads. Available in 4 button configurations, TAPS SYNC utilizes a patented double pole dome switch to fire both devices simultaneously on isolated circuits to protect your devices. This TAPS switch comes standard with a Surefire Light lead and MIL-Standard / Crane Laser Lead that fits NATO standard lasers from Insight Technology, Steiner, B.E. Meyers, and others. TAPS is waterproof to 1 meter for 30 minutes when properly installed on a rail, and features more durable buttons than many competing pressure switches on the market. Its hardened housing will keep TAPS standing up to the rigors of the battlefield TAPS SYNC allows the user to fire two devices simultaneously with one button, and is available in 4 button variations: Variant 1 - Button1: Light | Button2: Light + Laser Variant 2 - Button1: Laser | Button2: Light + Laser Variant 3 - Button1: Light + Laser | Button2: Light Variant 4 - Button1: Light + Laser | Button2: Laser Note: the dual-function SYNC button requires a slightly higher activation force than the standard single device button. Mode(s): Momentary Only Weight: 2.25oz w/hardware Waterproof: 1 meter for 30 minutes

Attributes

- Name: [UNITY TACTICAL TAPS SYNC SUREFIRE/NGAL LASER 9" PRESSURE SWITCH BLACK](#)
- Manufacturer: [UNITY TACTICAL](#)
- Product no.: 430100019
- Mfr. No.: TAPN-SN9B
- Colour: Black
- Delivery weight: 0.066kg
- Shipping height: 8mm
- Shipping width: 121mm
- Shipping length: 148mm
- UPC: 810007880891

TAPS SYNC UNITY TACTICAL TAPS SYNC SUREFIRE/NGAL LASER 9" PRESSURE SWITCH BLACK Safety Instructions

Introduction

Thank you for choosing the TAPS SYNC UNITY Tactical Pressure Switch. This guide provides essential safety instructions to ensure the safe and effective use of your pressure switch. Please read this manual carefully before use and keep it for future reference.

General Safety Guidelines

- **Product Safety:** This product is designed to ensure safe use in various conditions. Always follow the guidelines provided in this manual.
- **Enhanced Recalls:** Be aware that if any safety issues arise, standardized recall notices will be issued. You may be entitled to free remedies for any dangerous products.
- **Online Shopping:** If purchased online, you have the same safety protections as if you bought it in a physical store. Ensure that the online platform complies with safety requirements.
- **Special Consumer Focus:** Extra precautions are in place for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For safety inquiries, an EU-based contact will be available. Please refer to the product packaging for contact details.
- **Rapid Alerts:** Stay informed about any unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The pressure switch is designed for use with weapon-mounted electronics. Improper use may result in injury or malfunction.
 - Ensure that the pressure switch is compatible with your devices before use.
- **Avoiding Hazards:**
 - Do not expose the pressure switch to extreme temperatures or harsh chemicals.
 - Ensure that the pressure switch is securely mounted to prevent it from becoming loose during use.
 - Avoid using the pressure switch while operating in a manner that could distract you from your primary duties.
- **Age-Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18. Ensure that it is used only by qualified adults.

Instructions for Installation and Usage

- **Installation:**
 - Mount the TAPS SYNC pressure switch directly onto any industry-standard rail (M1913 Picatinny, KEYMOD, or MLOK) without the need for third-party adapters.
 - Ensure the mounting surface is clean and free from debris.
 - Secure the pressure switch firmly to prevent any movement during operation.
- **Usage:**
 - The TAPS SYNC features two onboard buttons for controlling lights and lasers.
 - Select the appropriate button configuration for your needs:

- Variant 1: Button1: Light | Button2: Light + Laser
- Variant 2: Button1: Laser | Button2: Light + Laser
- Variant 3: Button1: Light + Laser | Button2: Light
- Variant 4: Button1: Light + Laser | Button2: Laser
- The dualfunction SYNC button may require a higher activation force than the standard single device button. Practice using the button to become familiar with its operation.
- Ensure that the TAPS SYNC is waterproofed correctly to maintain its functionality in wet conditions (up to 1 meter for 30 minutes).

Disposal Instructions

- **Disposal:**

- Dispose of the TAPS SYNC pressure switch according to local regulations for electronic waste.
- Do not dispose of the pressure switch in regular household waste.
- Consider recycling options to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the contact information provided on the product packaging.

By following these safety instructions, you can ensure the proper use and longevity of your TAPS SYNC UNITY Tactical Pressure Switch. Thank you for your attention to safety.
