

MAGPUL® FLIGHT GLOVE 2.0 - MAGPUL FLIGHT GLOVE 2.0 COYOTE SMALL 1-PAIR

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Gloves](#)

Building on the advancements our Magpul Flight Glove made to traditional Nomex® flight gloves worn by military aviators since the 1960s, the Magpul Flight Glove 2.0 adds an updated fit and modern materials to create a superior tactile and protective solution to a “government issue” solution. Fitting like a second skin, the Flight Glove 2.0 includes ambidextrous three-finger touchscreen capability and is at home inside the cockpit or during any high dexterity task where protection is needed, such as welding or working on engines. The back of the hand is built from a combination of Nomex and Kevlar®, offering flash-resistance, flame, and anti-static protection. The durable goatskin leather palm and fingers provide true physical feedback and tactile feel of equipment operational controls, firearms, and other manually operated devices while keeping you comfortable and protected from the surrounding environment

- Flash-resistant Nomex and Kevlar back of hand for flame and anti-static protection
- Durable and soft one-piece goatskin leather palm and finger construction for enhanced feel and control of firearms
- Ambidextrous three-finger touchscreen capability
- Gauntlet coverage extends past the wrist
- Subdued branding for better camouflage and concealment
- Excellent flexibility and dexterity
- Clip strap loops for easy storage and transport

MAGPUL® FLIGHT GLOVE 2.0 Safety Instruction Guide

Introduction

Thank you for choosing the MAGPUL® FLIGHT GLOVE 2.0. This guide provides essential safety instructions to ensure the safe use of your flight gloves. By following these guidelines, you can maximize the performance and longevity of the gloves while ensuring your safety during various tasks.

General Safety Guidelines

- Ensure that the gloves fit properly. A proper fit enhances dexterity and reduces the risk of accidents.
- Inspect the gloves before each use for any visible signs of wear, damage, or defects. Do not use if damaged.
- Be aware of the specific hazards associated with the tasks you will be performing while wearing the gloves.
- Always follow the manufacturer's instructions for use and care.
- Keep the gloves away from extreme heat sources and open flames, as they are designed to provide flame resistance but are not fireproof.
- Avoid using the gloves in environments where they may come into contact with harmful chemicals or substances that could compromise their integrity.

Specific Safety Precautions for Use

- The MAGPUL® FLIGHT GLOVE 2.0 is designed for highdexterity tasks. Use caution when handling sharp objects or tools.
- When using the touchscreen capability, ensure that the device is compatible and functioning properly to avoid accidents.
- The gloves provide flashresistance and antistatic protection, but they do not provide complete protection against all electrical hazards. Use appropriate PPE (Personal Protective Equipment) when working with electrical equipment.
- If you experience any discomfort or allergic reactions while wearing the gloves, remove them immediately and consult a medical professional if necessary.
- The gloves are not intended for children. Keep out of reach of children to prevent accidents or misuse.

Instructions for Installation and Usage

1. Fitting the Gloves

- Slide your hands into the gloves, ensuring that your fingers fit comfortably in the finger stalls.
- Adjust the wrist gauntlet for a secure fit, ensuring that it extends past the wrist for added protection.

2. Using the Touchscreen Feature

- Use the threefinger touchscreen capability to interact with devices without removing the gloves.
- Ensure that the touchscreen device is clean and functioning properly to facilitate responsiveness.

3. Performing Tasks

- Use the gloves in environments where high dexterity is required, such as in cockpits or during mechanical tasks.
- Maintain awareness of your surroundings and the tools you are using to prevent accidents.

4. Caring for Your Gloves

- Clean the gloves according to the manufacturer's instructions to maintain their quality and performance.
- Store the gloves in a cool, dry place away from direct sunlight when not in use.

Disposal Instructions

- Dispose of the gloves in accordance with local regulations for textile waste.
- If the gloves are damaged beyond repair, consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the MAGPUL® FLIGHT GLOVE 2.0, please refer to the contact details provided on the packaging or the manufacturer's website. It is essential to have an EUbased contact for safety inquiries as per the EU General Product Safety Regulation.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the MAGPUL® FLIGHT GLOVE 2.0. Always prioritize safety and be mindful of the potential hazards associated with your tasks. Thank you for choosing MAGPUL® for your protective gear needs.
