

MAGPUL® FLIGHT GLOVE 2.0 - MAGPUL FLIGHT GLOVE 2.0 COYOTE 2XL 1-PAIR

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Gloves](#)

Building on the advancements our Magpul Flight Glove made to traditional Nomex® flight gloves worn by military aviators since the 1960s, the Magpul Flight Glove 2.0 adds an updated fit and modern materials to create a superior tactile and protective solution to a “government issue” solution. Fitting like a second skin, the Flight Glove 2.0 includes ambidextrous three-finger touchscreen capability and is at home inside the cock pit or during any high dexterity task where protection is needed, such as welding or working on engines. The back of the hand is built from a combination of Nomex and Kevlar®, offering flash-resistance, flame, and anti-static protection. The durable goatskin leather palm and fingers provide true physical feedback and tactile feel of equipment operational controls, firearms, and other manually operated devices while keeping you comfortable and protected from the surrounding environment

- Flash-resistant Nomex and Kevlar back of hand for flame and anti-static protection
- Durable and soft one-piece goatskin leather palm and finger construction for enhanced feel and control of firearms
- Ambidextrous three-finger touchscreen capability
- Gauntlet coverage extends past the wrist
- Subdued branding for better camouflage and concealment
- Excellent flexibility and dexterity
- Clip strap loops for easy storage and transport

MAGPUL® FLIGHT GLOVE 2.0 Safety Instruction Guide

Introduction

Thank you for choosing the MAGPUL® Flight Glove 2.0. This guide provides important safety information to ensure the safe use and maintenance of your gloves. Please read this manual carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the gloves are suitable for the intended tasks, including highdexterity activities such as welding or working on engines.
- Always inspect the gloves for any signs of damage or wear before each use. Do not use if damaged.
- Keep gloves away from open flames and extreme heat sources, as they are designed to provide protection but are not fireproof.
- Avoid using the gloves in situations where they may become entangled in machinery or equipment.
- Store the gloves in a cool, dry place away from direct sunlight to prevent degradation of materials.
- If you experience any irritation or allergic reactions while using the gloves, discontinue use immediately and consult a medical professional.

Specific Safety Precautions for Use

- The gloves are designed for adult use. Keep them away from children and do not allow them to use the gloves.
- Use the gloves only for their intended purpose. They are not designed for food handling or medical use.
- When using the gloves for tasks with potential hazards, ensure that you are trained in the proper techniques and safety measures.
- Be aware of your surroundings while wearing the gloves, especially in environments with moving machinery.
- The ambidextrous threefinger touchscreen capability allows for the use of devices; ensure that the device is compatible and functioning properly.

Instructions for Installation and Usage

• Fitting the Gloves:

- Ensure that the gloves fit snugly but comfortably. They should feel like a second skin without restricting movement.
- Adjust the gauntlet coverage to extend past the wrist for added protection.

• Using the Touchscreen Feature:

- To use the touchscreen capability, ensure that the fingers designated for touchscreen use are clean and dry.
- Avoid using excessive force on the touchscreen, as this may damage the device or the gloves.

• Maintenance:

- Clean the gloves with a damp cloth to remove dirt and debris. Do not machine wash or tumble dry.
- Allow the gloves to air dry completely before storing them. Do not expose to direct heat sources.

Disposal Instructions

- Dispose of the gloves responsibly. If the gloves are damaged beyond repair, consider recycling options where available.
- Follow local regulations for the disposal of textile products.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details available on the product packaging or the official website.

By following these guidelines, you can ensure the safe use of your MAGPUL® Flight Glove 2.0. Thank you for your attention to these important safety instructions.
