

RMR CUT SLIDE FOR GLOCK® 17 GEN 3 - BROWNEllS RMR SLIDE +WINDOW FOR GEN3 GLOCK® 17 LIMITED COLOR BROWN

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Optic-Ready, Ergonomically Enhanced Slide With a Bundle of Custom Features

Our RMR Slide for Glock® 17 Gen3 pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Trijicon RMR or Holosun red dot sight. All RMR Slides also have standard Glock® factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. You can also get your Brownells RMR Slide for Glock® 17 Gen3 with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each RMR Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and Gen3 internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. You can get your RMR slide in one of 3 finishes: a wear-resistant basic Black Nitride, or a thin, extremely tough, physical vapor deposition (PVD) coating in Bronze or Flat Dark Earth (FDE). Fits Gen3 Glock® 17 pistols & clones Machined from corrosion-resistant 17-4 stainless steel billet Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top A Brownells RMR Slide is the ideal upgrade for your factory Glock® 17 Gen3 pistol OR the perfect "top half" for a brand-new custom gun built on a Polymer80 80% frame. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

RMR Cut Slide for Glock® 17 Gen 3 Safety Instruction Guide

Introduction

Thank you for choosing the RMR Cut Slide for your Glock® 17 Gen 3. This product is designed to enhance the performance and functionality of your pistol. To ensure safe and effective use, please read and follow the safety guidelines and instructions outlined in this document.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the safety mechanisms of your firearm are engaged when not in use.
- Store your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Use only compatible parts and accessories designed for your specific firearm model.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

• Installation Precautions:

- Ensure the firearm is unloaded before beginning any installation.
- Use appropriate tools and follow the installation instructions carefully to avoid injury or damage.

• Usage Precautions:

- When using the RMR Cut Slide, ensure that the red dot sight is securely mounted and properly zeroed.
- Do not exceed the manufacturer's recommended specifications for ammunition.
- Be aware of your surroundings and ensure a safe shooting environment.

• Maintenance Precautions:

- Regularly clean and maintain your RMR Cut Slide and firearm to ensure optimal performance.
- Check for loose screws or components before each use.

• Vulnerable Groups:

- Keep firearms and accessories away from children and individuals unfamiliar with firearm safety.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools, including the recommended channel liner tool (#777100017).

2. Remove the Existing Slide:

- Follow the manufacturer's guidelines to safely remove the existing slide from the Glock® 17 Gen 3 frame.

3. Install the RMR Cut Slide:

- Align the RMR Cut Slide with the frame and carefully slide it into position.
- Ensure that the slide is seated properly on the frame.

4. Mount the Red Dot Sight:

- Use the precut slot to mount your Trijicon RMR or Holosun red dot sight.
- Follow the sight manufacturer's instructions for secure mounting.

5. Check Functionality:

- After installation, perform a function check to ensure everything operates correctly.
- Ensure the slide moves smoothly and the red dot sight is properly aligned.

Usage Instructions

- Load the firearm according to standard operating procedures.
- Always maintain a proper grip and stance when firing.
- Follow all range and safety protocols during shooting sessions.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the RMR Cut Slide or any associated components become damaged beyond repair, dispose of them responsibly.
- Ensure that all firearm parts are disposed of in a manner that prevents unauthorized access.

Contact Information for Further Support

For any questions or concerns regarding the RMR Cut Slide for Glock® 17 Gen 3, please refer to the manufacturer's website or customer service resources. Always ensure you have the latest information regarding safety recalls and updates.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your RMR Cut Slide for Glock® 17 Gen 3. Thank you for your commitment to responsible firearm ownership.
