A Compact, Foldable Set of Hearing Protection Muffs

Users of over-ear hearing-protection muffs have always been plagued by the issues associated with extra bulk over their ears. For shooters, this is especially a problem, since in many cases, it prevents rifle shooters or shotgunners from getting a perfect cheek weld on their gun. The Walkers Razor Slim Electronic Muffs are designed to minimize those issues, thanks to a compact, slim design that can be folded down for easy storage. Each pair of Walkers XCEL Razor Slim Electronic Muffs features Sound Activated Compression, as well as Full Dynamic Range HD Speakers and two Hi-Gain Omnidirectional Microphones that all work in conjunction to provide premium sound reduction and enhancement in a compact package. The earmuffs are powered by two AAA batteries, and the redesigned headband provides enhanced comfort. The unit provides 23 decibels of sound reduction.

RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFF SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFFS by Walkers Game Ear. These electronic muffs are designed to provide effective hearing protection while ensuring comfort and convenience. This safety instruction guide is designed to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure the product is suitable for your intended use and that you are aware of its limitations.
- Regularly inspect the muffs for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the electronic muffs in environments where noise levels exceed the maximum sound reduction capability (23 dB).
- Ensure that the muffs fit securely over your ears to maximize sound reduction.
- Avoid using the muffs while engaging in activities that require clear hearing, such as driving or operating machinery.
- Be cautious of potential entanglement with other equipment or clothing.
- Do not modify or attempt to repair the product yourself. Seek professional assistance for repairs.

Instructions for Installation and Usage

1. Installation of Batteries

- Open the battery compartment located on the headband.
- Insert two AAA batteries, ensuring correct polarity as indicated in the compartment.
- Close the battery compartment securely.

2. Wearing the Muffs

- Adjust the headband to fit comfortably on your head.
- Position the ear cups over your ears, ensuring a snug fit to block external noise effectively.
- Ensure that the muffs are properly aligned and not pinching your skin.

3. Using the Electronic Features

- Turn on the electronic muffs by pressing the power button.
- Adjust the volume to a comfortable level using the volume control.
- Monitor the sound levels and be aware of your surroundings.

4. Folding and Storing the Muffs

- To fold the muffs for storage, gently press the ear cups inward towards the headband.
- Store the muffs in a cool, dry place away from direct sunlight and extreme temperatures.

- Avoid placing heavy objects on top of the muffs to prevent damage.

Disposal Instructions

- Dispose of the electronic muffs in accordance with local regulations regarding electronic waste.
- Remove batteries before disposal and recycle them according to local guidelines.
- Do not dispose of the product in household waste.
