

MICRO FIGHT CHASSIS MK4 - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK4 - MULTICAM TROPIC

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chest Rig Mk4 is designed to be extremely efficient, modular, and lightweight. The Micro Fight works seamlessly with Spiritus Systems accessories suite, which offers nearly endless configurations. The Micro Fight features soft loop Velcro in both pockets to enable you to put mission essential items where you want them based on your individual needs. The improved profile allows for the use of six 5.56 x .45 style magazines or four 7.62 x .51 magazines or any combination of rifle and pistol magazines. The 5" x 9" field of hard loop Velcro on the back of the rig allows for solid integration with accessories, such as the SACK Pouch or Expander Wings. The larger Velcro field also allows a solid integration onto plate carriers, such as the LV119. In addition to the larger Velcro field, the MK 4 also allows for sub load integration of a tourniquet utilizing the two integrated grommets and our Universal Retention Kit. **Unmatched Versatility** The Micro Fight Chest Rig sports a host of accessories like no other system. The user can select from any of our accessories to meet operational requirements. The platform is lightweight and small while still allowing you to carry multiple types of munitions and equipment. Examples include rifle and pistol Magazines, 37/40mm grenades, flash-bangs, multi-tools, flashlights, medical supplies, and breaching equipment. **Stand Alone System** The Micro Fight Chest Rig was designed to perform as a stand-alone system. It can be configured for wear in low visibility environments that require minimal printing through clothing with maximum equipment storage. It can also be configured for high visibility operations where a full spectrum of equipment is required. **Placard Configuration** The Micro Fight Chest Rig was designed to work seamlessly as a "Placard" for plate carrier systems. Simply remove the 1 inch side release buckles and attach the system via the hard loop Velcro located on the back of the system to your plate carrier. This configuration allows for profile expansion or reduction as mission requirements change. **NOTE:** The CHASSIS is part of the Micro Fight Chest Rig System. This item does not include shoulder straps, back strap, half or full flaps, magazine inserts, or any other accessories. Additional components are required for proper use. If running as a stand-alone system, shoulder straps, back strap, magazine inserts, and possibly full or half flaps are needed. If running on a plate carrier, flap(s), and magazine insert(s) are needed. Some images shown with optional accessories, sold separately.

Safety Instructions for the Micro Fight Chassis MK4 Spiritus Systems

Introduction

Thank you for choosing the Micro Fight Chassis MK4 by Spiritus Systems. This product is designed for modularity, efficiency, and lightweight performance in various operational environments. To ensure your safety and the proper functioning of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Micro Fight Chassis MK4 by following all instructions provided. This product is designed to minimize risks associated with its use.
- **Enhanced Recalls:** Stay informed about any recalls that may affect your product. Standardized recall notices will be issued if necessary.
- **Online Shopping Protections:** If purchased online, ensure that the platform meets safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** Extra caution should be taken if the product is used by vulnerable groups, including children. Ensure that only individuals familiar with its use handle the product.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Be aware of the Safety Gate system, which provides updates on unsafe products.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the Micro Fight Chassis MK4 fits securely and comfortably before use. Adjust all straps and components as necessary.
- **Load Capacity:** Do not exceed the recommended load capacity. Overloading may compromise safety and performance.
- **Environmental Considerations:** Avoid exposing the product to extreme temperatures or harsh weather conditions that could affect its integrity.
- **Inspection:** Regularly inspect the product for any signs of wear or damage. Do not use if any components are compromised.
- **Use of Accessories:** Only use accessories that are compatible with the Micro Fight Chassis MK4. Using unauthorized accessories may lead to safety hazards.

Instructions for Installation and Usage

1. **Unpacking:** Carefully unpack the Micro Fight Chassis MK4, ensuring that all components are included.
2. **Attachment to Plate Carrier:**
 - Remove the 1inch side release buckles from the chassis.
 - Align the hard loop Velcro on the back of the chassis with the corresponding area on your plate carrier.
 - Press firmly to secure the attachment.
3. **Configuration:**
 - Adjust the configuration based on your mission requirements. The chassis can be set up for low visibility or high visibility operations.
 - Utilize the soft loop Velcro pockets to organize missionessential items according to your needs.
4. **Sub Load Integration:**
 - If using a tourniquet, utilize the two integrated grommets and the Universal Retention Kit for secure attachment.
5. **Final Checks:**
 - Before use, ensure that all components are securely fastened and that the configuration meets

your operational needs.

Disposal Instructions

- **Responsible Disposal:** Dispose of the Micro Fight Chassis MK4 in accordance with local regulations. Do not dispose of in regular household waste.
- **Recycling:** If possible, recycle components of the product to minimize environmental impact.
