

SMR SHORT ACTION OBERNDORF ALUMINUM BDL BOTTOM METAL - SNOWY MOUNTAIN RIFLE COMPANY SMR SHORT ACTION OBERNDORF ALUMINUM BDL BM

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

Snowy Mountain Rifles bottom metals are 100% USA made in house in their Montana facility. Their original Oberndorf bottom metal was designed with the lightweight hunting build in mind. With industry leading cuts and design to allow proper fit and feeding, while still allowing 3 rounds to fit of larger diameter calibers like the 6.5 PRC, 7 SAUM, 300 WSM, 28 Nosler, 300 PRC, 300 Norma and more. Made from a single billet piece of 6061 aluminum and carrying their snap fit lid closure system that is guaranteed to never open under recoil. Available for Remington 700 and Remington 700 clone actions in short, XM and long action. - Long action bottom metal weights 2.9 Oz and short action weighs 2.7 OZ - Designed to fit stand box length or Wyatt's extended boxes.

SMR Short Action Oberndorf Aluminum BDL Bottom Metal Safety Instruction Guide

Introduction

Thank you for choosing the SMR Short Action Oberndorf Aluminum BDL Bottom Metal from Snowy Mountain Rifle Company. This product is designed for superior performance and safety in your hunting and shooting activities. Please read this safety instruction guide carefully to ensure proper use and to maximize safety.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling the bottom metal.
- Inspect the bottom metal for any signs of damage or wear before installation.
- Follow all local laws and regulations regarding firearm parts and modifications.
- Keep the bottom metal and all firearm components out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the bottom metal is compatible with your firearm model (Remington 700 or compatible clones).
- Verify that the bottom metal is securely installed before using the firearm.
- Do not exceed the recommended ammunition specifications for the bottom metal.
- Be aware of the recoil generated by your firearm and ensure that the snap fit lid closure system is functioning properly.
- If you experience any malfunctions during use, cease operation immediately and inspect the bottom metal for issues.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing bottom metal if applicable.
- Align the SMR bottom metal with the action of the firearm.
- Securely attach the bottom metal using the provided screws, ensuring a tight fit.
- Check that the snap fit lid closure system is functioning correctly.

2. Usage:

- Load the firearm according to the specifications for the bottom metal.
- Ensure that the ammunition fits properly and does not exceed the recommended caliber sizes.
- Always check the bottom metal for secure attachment before each use.
- After use, clean and inspect the bottom metal to maintain its performance and safety.

Disposal Instructions

- Dispose of the bottom metal in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Consider recycling options for aluminum components where available.

Contact Information for Further Support
