

HAND STOP FOR PICATINNY - ARISAKA DEFENSE HAND STOP PICATINNY

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

Description The Patent Pending Arisaka Hand Stop is a continuation of Arisaka's low profile, minimal control accessories. The primary goal of this accessory is to aid the user in pulling their rifle into their shoulder, enhancing control and recoil mitigation. The Hand Stop can also be used as a barricade stop, or reversed and placed at the front of the handguard to prevent the support hand from slipping off the end. The size and profile were designed to fit a wide variety of hands without being too large to get in the way. The Arisaka Hand Stop Picatinny uses a unique recoil lug that extends from inside the part, providing a secure, rattle free lockup. The recoil lug and patched mating screw are captured and cannot fall out when the Hand Stop is removed from the Picatinny rail. A rotation direction indication is CNC engraved onto the part to aid in tightening or loosening the recoil lug. A 7/64" Allen wrench is required for installation, with a maximum torque specification of 15 inch lbs. Specs Height: 1.3" Width: 1.19" at Picatinny clamp, 0.625" at main interface where your hand or fingers contact. Length: 1.1" Weight: 0.84 oz The Hand Stop is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. Requires a 7/64" Allen wrench for installation (not included). Maximum torque: 15 inch lbs. Hardware: One 6-32x1/2" hex cap head screw, one HS-P recoil lug. Made in the USA.

Attributes

- Name: [ARISAKA DEFENSE HAND STOP PICATINNY](#)
- Manufacturer: [ARISAKA DEFENSE](#)
- Product no.: 430104507

Safety Instruction Guide for the Arisaka Hand Stop Picatinny

Introduction

Thank you for choosing the Arisaka Hand Stop Picatinny. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the Hand Stop.

General Safety Guidelines

- Ensure the product is used only as intended and in accordance with the instructions provided.
- Always inspect the Hand Stop before each use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- The Hand Stop is designed to enhance control and recoil mitigation. Ensure proper installation to avoid accidents.
- Do not exceed the maximum torque specification of 15 inch lbs during installation.
- Use only the recommended 7/64" Allen wrench for installation.
- Avoid using the Hand Stop if it shows signs of damage or if the recoil lug is not securely locked in place.
- Do not use the Hand Stop as a tool for any purpose other than its designed function.

Instructions for Installation and Usage

1. Installation:

- Gather the necessary tools: a 7/64" Allen wrench (not included).
- Locate the Picatinny rail on your firearm.
- Position the Hand Stop at your desired location on the rail.
- Insert the provided 632x1/2" hex cap head screw through the recoil lug into the Picatinny rail.
- Tighten the screw using the Allen wrench. Ensure the rotation direction indicated on the part is followed for proper tightening.
- Check that the Hand Stop is securely attached and does not rattle.

2. Usage:

- Grip the Hand Stop firmly with your support hand while shouldering the rifle.
- Use the Hand Stop to pull the rifle into your shoulder for enhanced control.
- If needed, reverse the Hand Stop and place it at the front of the handguard to prevent your support hand from slipping off.

Disposal Instructions

- Dispose of the Hand Stop in accordance with local regulations regarding aluminum and electronic waste.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Arisaka Hand Stop Picatinny, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope that you enjoy using your Arisaka Hand Stop Picatinny.
