

# **MOUNT FOR TRIJICON MRO OPTIC - ARISAKA DEFENSE MOUNT FOR TRIJICON MRO OPTIC 1.7" HEIGHT, BLACK**

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

**MOUNT FOR TRIJICON MRO OPTIC** The Patent Pending Arisaka Trijicon MRO Mount is designed for the Trijicon MRO optic. The low profile, minimalist design and 7075-T651 aluminum construction with MIL-A-8625 Type III hard coat anodizing ensures strength and durability. The Arisaka Trijicon MRO Mount is available in 1.70" with tan hard coat anodizing. Many people find this height provides the perfect balance between heads up orientation and enough cheekweld to be consistent, which is evident in the rising popularity of 1.70" scope mounts. Each mount is CNC machined from 7075-T651 aluminum and clear anodized hard coat 7075 that provides the tan color. Anodizing colors may slightly vary from part to part and batch to batch, and is completely normal. Includes all necessary screws and tools to attach optic to mount. Recommended torque values: Picatinny clamp - 50 inch lbs (5.7 Nm) Optic to mount - 11.9 inch lbs (1.35 Nm) Weight: 1.70" - 3.0 oz Made in the USA.

# Safety Instructions for the Arisaka Defense Mount for Trijicon MRO Optic

## Introduction

Thank you for choosing the Arisaka Defense Mount for Trijicon MRO Optic. This guide provides essential safety instructions to ensure the safe use and installation of your mount. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the mount is compatible with your Trijicon MRO optic before installation.
- Always inspect the mount for any visible damage or defects before use.
- Use the mount only for its intended purpose as specified in this guide.
- Keep the mount out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque values during installation:
  - Picatinny clamp: 50 inch lbs (5.7 Nm)
  - Optic to mount: 11.9 inch lbs (1.35 Nm)
- Ensure that all screws are securely tightened before use to prevent the optic from detaching.
- Avoid using the mount in extreme environmental conditions that may affect its performance.
- Regularly check the mount for wear and tear, especially after extensive use.

## Instructions for Installation and Usage

1. **Gather Necessary Tools:** Ensure you have all required tools and screws included with the mount.
2. **Position the Mount:** Align the mount with the Picatinny rail on your firearm.
3. **Attach the Mount:**
  - Using the provided screws, secure the mount to the rail.
  - Tighten the screws to the recommended torque value (50 inch lbs).
4. **Install the Optic:**
  - Place your Trijicon MRO optic onto the mount.
  - Secure the optic using the provided screws.
  - Tighten the screws to the recommended torque value (11.9 inch lbs).
5. **Final Check:**
  - Inspect the installation to ensure everything is securely fastened.
  - Test the mount and optic for stability before proceeding with use.

## Disposal Instructions

- Dispose of the mount in accordance with local regulations.
- Do not dispose of the mount in household waste.
- Consider recycling options for aluminum materials where available.

## Contact Information for Further Support

For further support and inquiries regarding safety concerns, please refer to the manufacturer's website or contact their customer service.

Thank you for prioritizing safety in your use of the Arisaka Defense Mount for Trijicon MRO Optic.
