

# **MOUNT FOR TRIJICON MRO OPTIC - ARISAKA DEFENSE MOUNT FOR TRIJICON MRO OPTIC 1.93" HEIGHT, BLACK**

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

MOUNT FOR TRIJICON MRO OPTIC The Patent Pending Arisaka Trijicon MRO Mount is designed for the Trijicon MRO optic. The low profile, minimalist design and 7075-T651 aluminum construction with MIL-A-8625 Type III hard coat anodizing ensures strength and durability. The Arisaka Trijicon MRO Mount is available in 1.70" with tan hard coat anodizing. Many people find this height provides the perfect balance between heads up orientation and enough cheekweld to be consistent, which is evident in the rising popularity of 1.70" scope mounts. Each mount is CNC machined from 7075-T651 aluminum and clear anodized hard coat 7075 that provides the tan color. Anodizing colors may slightly vary from part to part and batch to batch, and is completely normal. Includes all necessary screws and tools to attach optic to mount. Recommended torque values: Picatinny clamp - 50 inch lbs (5.7 Nm) Optic to mount - 11.9 inch lbs (1.35 Nm) Weight: 1.70" - 3.0 oz Made in the USA.

# Safety Instruction Guide for Arisaka Defense Mount for Trijicon MRO Optic

## Introduction

Thank you for choosing the Arisaka Defense Mount for Trijicon MRO Optic. This guide provides important safety instructions and information to ensure the safe and effective use of this product. It is essential to follow these guidelines to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the mount and optic before each use to check for damage or wear.
- Keep the mount and optic out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of optics and firearm accessories.
- Report any unsafe conditions or incidents related to the product to the relevant authorities.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may result in the optic detaching during use, which can lead to accidents.
  - Excessive torque during installation can damage the mount or optic.
- **Avoiding Hazards:**
  - Always follow the recommended torque values during installation:
  - Picatinny clamp: 50 inch lbs (5.7 Nm)
  - Optic to mount: 11.9 inch lbs (1.35 Nm)
  - Ensure that all screws and tools provided are used to secure the optic properly.
  - Do not modify the mount or optic in any way that could compromise safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and screws provided with the mount.
- Ensure your work area is clean and welllit.

### 2. Installation:

- Position the mount on the Picatinny rail of your firearm.
- Align the mount according to your desired height and position.
- Secure the mount to the rail using the provided screws, ensuring not to exceed the recommended torque values.
- Attach the Trijicon MRO optic to the mount following the manufacturer's instructions.

### 3. Usage:

- Regularly check the mount and optic for any signs of loosening or damage.
- Avoid dropping or striking the mount and optic, as this may cause undetectable damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in household trash.

- Contact your local waste management facility for proper disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the Arisaka Defense Mount for Trijicon MRO Optic, please refer to the manufacturer's website or customer service for support.

By following these safety instructions, you can ensure a safe and effective experience with your Arisaka Defense Mount for Trijicon MRO Optic. Thank you for your attention to these important guidelines.
