

# MOUNT FOR TRIJICON MRO OPTIC 1.93" HEIGHT, TAN

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

MOUNT FOR TRIJICON MRO OPTIC The Patent Pending Arisaka Trijicon MRO Mount is designed for the Trijicon MRO optic. The low profile, minimalist design and 7075-T651 aluminum construction with MIL-A-8625 Type III hard coat anodizing ensures strength and durability. The Arisaka Trijicon MRO Mount is available in 1.70" with tan hard coat anodizing. Many people find this height provides the perfect balance between heads up orientation and enough cheekweld to be consistent, which is evident in the rising popularity of 1.70" scope mounts. Each mount is CNC machined from 7075-T651 aluminum and clear anodized hard coat 7075 that provides the tan color. Anodizing colors may slightly vary from part to part and batch to batch, and is completely normal. Includes all necessary screws and tools to attach optic to mount. Recommended torque values: Picatinny clamp - 50 inch lbs (5.7 Nm) Optic to mount - 11.9 inch lbs (1.35 Nm) Weight: 1.70" - 3.0 oz Made in the USA.

# Safety Instruction Guide for MOUNT FOR TRIJICON MRO OPTIC

## Introduction

Thank you for choosing the MOUNT FOR TRIJICON MRO OPTIC. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before installation and use.

## General Safety Guidelines

- Ensure the mount is compatible with your Trijicon MRO optic before installation.
- Always inspect the mount for any visible damage or defects prior to use.
- Keep the mount and accessories out of reach of children and vulnerable individuals.
- Use this product only for its intended purpose as specified in the product description.
- If you experience any issues or concerns during use, stop using the product immediately and consult a professional.

## Specific Safety Precautions for Use

### • Installation Precautions:

- Ensure you have all necessary tools and screws included in the package.
- Do not overtighten screws; follow the recommended torque values.

### • Usage Precautions:

- Regularly check the mount for tightness and stability during use.
- Avoid exposing the mount to extreme temperatures or harsh environmental conditions.

### • Recall Awareness:

- Stay informed about product recalls through the EU Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools and screws provided with the mount.
- Align the mount with the Trijicon MRO optic according to the product specifications.
- Secure the mount to the optic using the included screws.
- Use a torque wrench to apply the following recommended torque values:
  - Picatinny clamp: 50 inch lbs (5.7 Nm)
  - Optic to mount: 11.9 inch lbs (1.35 Nm)
- Doublecheck all connections to ensure they are secure.

### 2. Usage:

- After installation, ensure that the optic is securely mounted and functioning properly.
- Regularly inspect the mount and optic during use for any signs of wear or loosening.
- If any issues arise, cease use immediately and seek assistance.

## **Disposal Instructions**

- Dispose of the mount and any packaging materials in accordance with local regulations.
- Do not dispose of electronic components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the MOUNT FOR TRIJICON MRO OPTIC, please refer to the manufacturer's contact details provided in the product packaging.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your MOUNT FOR TRIJICON MRO OPTIC!
