

# TAPS UPGRADE KIT - SPIRITUS SYSTEMS TAPS UPGRADE KIT MULTICAM

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

TAPS Upgrade Kit The Spiritus Systems TAPS Upgrade Kit is a comprehensive solution for retrofitting an issued Tactical Assault Panel to increase its functionality, ergonomics, and adaptability. The kit comes with the following components: MOLLE SACK Pouch: The MOLLE SACK Pouch features the same pouch form factor as the standard SACK Pouch and can be used to store and IFAK or other equipment the user might need to keep centerline on the body. THE MOLLE mounting wings can be rotated to pass through the bottom row of the MOLLE webbing and then rotated back to lock in the pouch. Other MOLLE items can be mounted over the SACK's mounting tabs. Fat Strap: The Fat Strap replaces the standard TAP Y harness and improves fit when used in conjunction with ruck sacks or other load bearing equipment. The flat back connector panel on the Fat Strap will not interfere with other straps, and will connect with the included MOLLE-mounted Fastex buckles. Back Strap: The Back Strap replaces the integrated bottom waist strap in the standard TAP Y harness and provides a more secure fit when wearing the Tactical Assault Panel. This second anchor point will keep heavy items like radios tight against the body and reduce equipment slop. Bungee Retention Kit: The Bungee Retention kit replaces the standard hook & loop magazine flaps. Spiritus Systems Bungee Retention Tabs are quieter, and replace the standard magazine retention system which is prone to hook & loop degradation. Radio Bungee Retention Kit: The TAPS Upgrade Kit comes with four radio bungee retention tabs that can mount to the outer four pockets of the Tactical Assault Panel. The included hook & loop tabs feature barrel locks to adjust the shock cord tension on radios and other equipment. Female Fastex Buckles: The four included split-back female Fastex buckles are mounted onto the outer loops of the MOLLE panel to provide secure clip-in points for the Fat Strap and Back Strap. Posi-Lock zipper pull loop: The zipper pull loop replaces the oversized zipper tab on the inside admin pocket panel. NOTE: This Upgrade Kit does NOT include a Tactical Assault Panel

## Attributes

- Name: [SPIRITUS SYSTEMS TAPS UPGRADE KIT MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104639
- Mfr. No.: BU-TUK-MC
- Colour: Multi-Cam
- Delivery weight: 0.397kg
- Shipping height: 76mm
- Shipping width: 203mm
- Shipping length: 279mm

# TAPS Upgrade Kit Safety Instruction Guide

## Introduction

Thank you for choosing the TAPS Upgrade Kit from Spiritus Systems. This guide provides essential safety instructions to ensure the safe use and installation of the TAPS Upgrade Kit, which is designed to enhance the functionality and adaptability of your Tactical Assault Panel.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the TAPS Upgrade Kit by following all instructions carefully. This product is designed for use with Tactical Assault Panels and should not be used for any other purpose.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If you receive a recall notice, please follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that you buy from authorized retailers to guarantee the product's authenticity and safety.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is kept out of reach of minors.
- **EU Contact Point:** For any safety inquiries related to this product, please refer to the contact information provided on the packaging or the manufacturer's website.
- **Rapid Alerts:** Check the EU Safety Gate platform regularly for updates on any safety alerts concerning this product.

## Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the TAPS Upgrade Kit is properly fitted to your Tactical Assault Panel. An improper fit may lead to discomfort or equipment failure.
- **Weight Distribution:** When loading your Tactical Assault Panel, distribute weight evenly to avoid strain and ensure stability.
- **Regular Inspection:** Regularly inspect all components of the TAPS Upgrade Kit for wear and tear. Replace any damaged parts immediately to maintain safety.
- **Avoid Overloading:** Do not exceed the recommended weight limit for your Tactical Assault Panel. Overloading can lead to equipment failure and personal injury.
- **Use in Safe Environments:** Avoid using the Tactical Assault Panel in hazardous environments where the risk of injury is increased.

## Instructions for Installation and Usage

### 1. Installation of MOLLE SACK Pouch:

- Locate the bottom row of the MOLLE webbing on your Tactical Assault Panel.
- Rotate the MOLLE mounting wings of the pouch to pass through the webbing.
- Rotate the wings back to lock the pouch in place.
- Ensure that other MOLLE items can be mounted over the SACK's mounting tabs if needed.

### 2. Replacing the TAP Y Harness with the Fat Strap:

- Remove the standard TAP Y harness.
- Attach the Fat Strap using the included MOLLE mounted Fastex buckles.
- Adjust the strap for a secure fit, ensuring it does not interfere with other straps.

### 3. Installing the Back Strap:

- Remove the integrated bottom waist strap from the TAP Y harness.

- Attach the Back Strap to the designated points on the Tactical Assault Panel.
- Adjust for a snug fit to secure heavy items against the body.

#### **4. Using the Bungee Retention Kit:**

- Replace the standard hook & loop magazine flaps with the Bungee Retention Tabs.
- Ensure that the tabs are securely attached and functioning properly.

#### **5. Installing the Radio Bungee Retention Kit:**

- Attach the four radio bungee retention tabs to the outer four pockets of the Tactical Assault Panel.
- Adjust the hook & loop tabs using the barrel locks to set the desired shock cord tension.

#### **6. Using Female Fastex Buckles:**

- Mount the included splitback female Fastex buckles onto the outer loops of the MOLLE panel.
- Ensure that all connections are secure before use.

#### **7. Using the PosiLock Zipper Pull Loop:**

- Replace the oversized zipper tab in the inside admin pocket panel with the PosiLock zipper pull loop for easier access.

## **Disposal Instructions**

- Dispose of the TAPS Upgrade Kit and its components in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options or designated disposal sites for tactical gear.

## **Contact Information for Further Support**

For any questions or concerns regarding the TAPS Upgrade Kit, please refer to the manufacturer's website or the contact information provided on the packaging.
