Safety Instruction Guide for SLIDE PARTS KIT FOR GLOCK 17

Introduction

Thank you for choosing the SLIDE PARTS KIT FOR GLOCK 17. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before using the kit.

General Safety Guidelines

- Ensure that you are familiar with the use of firearms and the specific components of the Glock 17.
- Always follow local laws and regulations regarding the use and modification of firearms.
- Store all parts of this kit in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect the kit and its components for wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay updated on recall information through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use this kit with Glock 17 Gen 3 or Gen 5 models.
- Ensure that the firearm is unloaded before beginning any installation or modification.
- Use appropriate tools and protective equipment (e.g., safety glasses) during installation.
- Handle all components with care to avoid injury or damage.
- Follow all instructions carefully to avoid improper installation, which may lead to malfunction or injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components from the kit.
- Ensure that the workspace is clean and welllit.

2. Installation Steps:

- Remove the slide from the Glock 17 and ensure it is unloaded.
- Carefully install the new extractor by following the manufacturer's guidelines.
- Insert the extractor depressor plunger and spring into their designated locations.
- Install the springloaded bearing and slide cover plate.
- Replace the firing pin with the new billet firing pin, ensuring it is seated correctly.
- Install the spacer sleeve and firing pin spring.
- Ensure that the firing pin safety and its spring are correctly installed.
- Use the channel liner tool to properly install the channel liner.
- Finally, reassemble the slide and guide rod with the recoil spring assembly.

3. PostInstallation:

- Conduct a thorough inspection of the firearm to ensure all components are installed correctly.
- Test the firearm in a safe environment to verify proper function before regular use.

Disposal Instructions

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not throw away components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SLIDE PARTS KIT FOR GLOCK 17, please refer to the manufacturer's customer service resources or visit the official website for additional support.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your SLIDE PARTS KIT FOR GLOCK 17. Thank you for your attention to safety.
