Safety Instruction Guide for SLIDE PARTS KIT FOR GLOCK 26®

Introduction

Thank you for choosing the SLIDE PARTS KIT FOR GLOCK 26® by BROWNEELS. This kit is designed to provide you with all the necessary components to complete or refurbish your Glock 26 slide. It is essential to follow the safety guidelines and instructions outlined in this document to ensure safe usage and optimal performance.

General Safety Guidelines

- Ensure all parts are compatible with your specific Glock model before installation.
- Use only the recommended tools and equipment for installation.
- Keep all parts and tools out of reach of children and unauthorized individuals.
- Always handle firearms and firearm components with care and respect.
- Be aware of your surroundings and ensure you are in a safe environment when working with firearm parts.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when working on or around firearms.
- Do not attempt to modify any parts beyond their intended use.
- Ensure that the firearm is unloaded before beginning any work on the slide or its components.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Be cautious of sharp edges on parts, especially during handling and installation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components from the SLIDE PARTS KIT.
- Ensure your work area is clean and welllit.

2. Disassembly of the Slide

- Ensure the firearm is unloaded and pointed in a safe direction.
- Carefully disassemble the slide according to the Glock 26 owner's manual.

3. Installation of New Parts

- Follow these steps for each component:
 - **Extractor:** Replace the existing extractor with the new one from the kit.
 - **Extractor Depressor Plunger:** Install the plunger and spring as per the manual.
 - **Billet Firing Pin:** Replace the firing pin with the new billet firing pin, ensuring proper alignment.
 - **Channel Liner:** Use the channel liner tool to install the channel liner correctly.
 - **Guide Rod and Recoil Spring Assembly:** Reassemble these components according to the manufacturer's instructions.

4. Final Assembly

- Once all parts are installed, reassemble the slide carefully.

- Ensure all components are secure and functioning properly before reattaching the slide to the frame.

5. Testing

- Conduct a function check of the firearm in a safe and controlled environment.
- Ensure that all parts are operating correctly and that there are no malfunctions.

Disposal Instructions

- Dispose of any unused or defective parts in accordance with local regulations.
- Do not discard any parts in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the SLIDE PARTS KIT FOR GLOCK 26®, please refer to the product packaging or visit the manufacturer's website for contact details and support resources.

Note: This guide is intended to provide a comprehensive overview of safety instructions for the SLIDE PARTS KIT FOR GLOCK 26®. Always refer to the specific manufacturer's guidelines and local regulations for additional safety and compliance information.
