

BCMGUNFIGHTER COMPENSATOR- MOD 4 5.56 - BRAVO COMPANY

BCMGUNFIGHTER COMP MOD 4 -5.56 (1.75" CLOSED TINE)

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The BCMGUNFIGHTER™ Compensator Mod 4-5.56 Based off feedback from the Gunfighters, industry professionals, and Bravo's customers, BCM has designed a new generation of compensators. These compensators were designed to reduce muzzle rise, flash signature, noise, and lateral pressure for tactical applications. These are lifesaving tools for your professional grade weaponry. Tuned slots and ports offer compensation of muzzle-rise and flash reduction. No ground-facing openings; reduces unwanted kick-up of dust or debris when shooting prone or from a barricade Designed to have less side blast and noise associated with typical compensators. Nitride treated for maximum corrosion resistance Includes a Crush Washer Should be installed by a qualified armorer. Threaded 1/2 x 28 for 5.56mm AR15 platforms. Please note: The combustion gasses exiting the muzzle of a rifle are extremely hot, traveling at extreme velocity, and contains not only burning gasses but solid particles of unburnt powder as well as metals from the projectile. Due to the inherent nature of steel, it is nearly impossible to survive unaffected in this environment when directly exposed. The high temperatures begin to make the steel more malleable, which allows solid particles and pressure waves to deform and erode surfaces upon exit.

Attributes

- Name: [BRAVO COMPANY BCMGUNFIGHTER COMP MOD 4 -5.56 \(1.75" CLOSED TINE\)](#)
- Manufacturer: [BRAVO COMPANY](#)
- Product no.: 430105160
- Mfr. No.: BCM-GFC-MOD-4-556
- Caliber: 22 Caliber (.223-.224)
- Finish: Black
- Material: Steel
- Threads: 1/2-28
- Weapon type: AR-15
- Delivery weight: 0.227kg
- Shipping height: 32mm
- Shipping width: 83mm
- Shipping length: 178mm
- UPC: 812526023629

BCMGUNFIGHTER COMPENSATOR MOD 4 5.56

Safety Instruction Guide

Introduction

Thank you for choosing the BCMGUNFIGHTER™ Compensator Mod 45.56. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your compensator. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe usage of the compensator by following all instructions. This product is designed for nonfood applications and should only be used with firearms that are compatible with 5.56mm AR15 platforms.
- **Enhanced Recalls:** Stay informed about any recall notices or safety updates related to this product. Check official sources for the latest information.
- **Online Shopping:** If purchased online, confirm that the seller complies with safety regulations applicable to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products. Familiarize yourself with the process for reporting unsafe products or incidents.

Specific Safety Precautions for Use

- **Heat Exposure:** The combustion gases exiting the muzzle are extremely hot and can cause burns. Always allow the compensator to cool before handling.
- **Muzzle Pressure:** The compensator is designed to reduce muzzle rise and lateral pressure; however, ensure you maintain a firm grip on your firearm during use.
- **Dust and Debris:** Avoid shooting in environments where dust and debris may be kicked up, especially when shooting prone or from barricades.
- **Qualified Installation:** Installation should only be performed by a qualified armorer to ensure proper fit and function.
- **Corrosion Resistance:** The compensator is nitride treated for corrosion resistance, but regular maintenance is recommended to ensure longevity.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device if applicable.
- Clean the muzzle threads of any debris or old thread locker.
- Apply a small amount of thread locker to the threads of the compensator.
- Thread the compensator onto the muzzle, ensuring it is aligned correctly.
- Use a Crush Washer to secure the compensator in place.
- Tighten the compensator according to the manufacturer's specifications, ensuring it is secure but not overtightened.

2. Usage:

- Always wear appropriate eye and ear protection when firing your weapon.
- Check the compensator and firearm for any signs of wear or damage before each use.
- Maintain a proper shooting stance to minimize recoil and maximize control.
- Be aware of your surroundings and ensure a safe shooting environment.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations for metal waste.
- If the compensator is damaged or no longer functional, do not attempt to repair it. Instead, follow local guidelines for safe disposal.

Contact Information for Further Support

For any questions or concerns regarding your BCMGUNFIGHTER™ Compensator Mod 45.56, please refer to the contact information provided by the manufacturer. It is important to reach out for assistance if you have any safetyrelated inquiries or require further support.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BCMGUNFIGHTER™ Compensator Mod 45.56. Thank you for your attention to safety and for choosing our product.
