

# STACKED ANGLED GRIP W/ CABLE MANGAGEMENT SYSTEM - STRIKE INDUSTRIES STACKED ANGLED GRIP WITH CABLE MANAGEMENT SYSTEM FDE

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

The Strike Stacked Angled Grip with Cable Management System® is a modular rail attachment that allows the user to adjust the preferred length when paired with the optional Strike Stacked Angled Grip Extension (sold separately). With the stackable Extension pieces, the shooter can apply different grip techniques to adapt to various scenarios or sized hands. The grip angle sits on the handguard at 86 degrees and is compatible with M-LOK slots. Also included is the patent pending SI Cable Management System® (CMS) function which enables you to organize and store excess wire from your weapon light or any other cabled accessories. Cables can be routed alongside the handguard, 90-degrees or in a U-shape. Designed with textured palm and finger areas with flat sides for better weapon manipulation control. The Strike Stacked Angled Grip with Cable Management is a lightweight high-strength impact resistant custom blended SI Polymer Extreme material attachment that gives the user modular (with optional Extension) adjustable length grip options for better weapon manipulation control. Product Features: M-LOK Compatible User adjustable length when optional Strike Stacked Angled Grip Extension is purchased 86° grip angle Built-in SI Cable Management System® (CMS) w/ excess wire storage (patent pending) Cables can be routed: alongside, 90-degrees or U-shape Textured palm and finger areas with flat sides for better weapon manipulation control Lightweight High-strength impact resistant custom blended SI Polymer Extreme material Strike Stacked Angled Grip with Cable Management System® (base) Package Contents: x1 Strike Stacked Angled Grip with Cable Management System® M-LOK base x1 Strike Stacked Angled Grip with Cable Management System® end plate x2 Screw x2 Nut x1 Torx key [T20] x1 Loctite® Threadlocker Blue 243® x1 Warning card WARNING: Strike Stacked Angled Grip end plate needs to be expanded to remove from Strike Stacked Angled Grip body but be careful not to expand too far in which it can snap and break. # Safety Instruction Guide for the Strike Stacked Angled Grip with Cable Management System

## Introduction

Thank you for choosing the Strike Stacked Angled Grip with Cable Management System. This product is designed to enhance your weapon manipulation control while providing a modular grip option. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Regularly inspect the grip and its components for any signs of wear or damage.
- Store the product in a safe place where it is not accessible to children or unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the grip.
- Do not exceed the recommended torque of 20 in/lbs (2.26 nM) when securing the grip to the handguard.
- Be cautious when expanding the end plate of the grip to prevent snapping or breaking.
- Avoid using the grip with any damaged or incompatible accessories.
- Use the grip only as intended and follow all operational guidelines provided.

## Instructions for Installation and Usage

### 1. Installation

- Gather all components: x1 Strike Stacked Angled Grip with Cable Management System® MLOK base x1 Strike Stacked Angled Grip with Cable Management System® end plate x2 Screws x2 Nuts x1 Torx key [T20] x1 Loctite® Threadlocker Blue 243® x1 Warning card
- Align the MLOK base of the grip with the MLOK slots on the handguard.
- Insert the screws through the base into the MLOK slots and secure with the nuts.
- Use the Torx key [T20] to tighten the screws, ensuring not to exceed the torque specification.
- Attach the end plate to the grip, ensuring it is securely fastened.

### 2. Usage

- Adjust the grip length by adding or removing the optional Strike Stacked Angled Grip Extension as needed.
- Ensure the grip angle is set to 86 degrees for optimal hand positioning.
- Route cables from your weapon light or other accessories using the builtin SI Cable Management System® (CMS) to avoid tangling.
- Regularly check that all components are secure and functioning properly before use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and plastic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For inquiries or support related to the Strike Stacked Angled Grip with Cable Management System, please refer to the manufacturer's customer service or visit their official website for more information.

By following these guidelines, you can ensure a safe and effective experience with your Strike Stacked Angled Grip with Cable Management System. Thank you for your attention to safety!
