

# QUICK DETACH SLING SWIVEL LOOP - STRIKE INDUSTRIES QUICK DETACH SLING SWIVEL LOOP-STANDARD

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

The Strike Industries Quick Detach Sling Loop is the most revolutionary design for QD attachments to date. With the ability to remove the QD with a single hand, the user can easily squeeze the mechanism for the simplest attachment and detachment. Instead of a traditional push button QD that is tough to disengage, the patent pending side to side mechanism allows for uninterrupted quick attach and detach while the sling is in use. Crafted from 17-4 Stainless Steel and after a quench polish quench (QPQ) process, the durability of the sling loop is greatly increased. The enhanced geometry of the sling loop allows the strap to never pinch, bite, or roll around the interior of the loop allowing for the maximum mobility and comfort in any tactical or training situation. Package Contents: x1 QDSL (Assembled) Features: (Patent Pending) Exclusive feature side to side squeeze mechanism for uninterrupted quick attach and detach while the sling is in use (Patent Pending) Sling loop is designed to minimize slings from rolling over, biting and bunching up Unprecedented ergonomic design from traditional QD sling attachment, squeeze/ pull to detach, squeeze push to attach Utility cord cut-out design in sling swivel, for extra retention, when using a makeshift sling (Standard only) Heat treated sling loop designed for extra load bearing and strength COMPATIBILITY: Firearms or accessories that has QD socket WARNING: Before every use, always check proper function of your QD sling loop and any wear and tear from use. Always have your weapon in the SAFE position when not being fired. Always follow all firearms safety rules and never point your weapon at anything you are not willing to destroy. CALIFORNIA PROPOSITION 65 WARNING: WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. # Safety Instruction Guide for QUICK DETACH SLING SWIVEL LOOP

## Introduction

Thank you for choosing the Strike Industries Quick Detach Sling Swivel Loop. This product is designed to enhance your tactical experience with safety and efficiency. Please read this safety instruction guide carefully to ensure safe usage and maintenance of the sling swivel loop.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the sling swivel loop for wear and damage before each use.
- Always keep your weapon in a SAFE position when not in use.
- Never point your weapon at anything you are not willing to destroy.
- Follow all firearms safety rules at all times.
- If you notice any signs of wear, damage, or malfunction, discontinue use immediately and contact the manufacturer for assistance.

## Specific Safety Precautions for Use

- **SingleHand Operation:** The Quick Detach mechanism is designed for singlehand operation. Practice using this feature in a safe environment before relying on it in the field.
- **Check Compatibility:** Ensure that the sling swivel loop is compatible with your firearm or accessory that has a QD socket.
- **Avoid Pinching:** Be mindful of the strap while attaching or detaching to avoid pinching or rolling.
- **Heat Treated Design:** The sling loop is heat treated for strength. Do not exceed the load limits specified by the manufacturer.
- **Vulnerable Groups:** This product is not intended for use by children. Keep out of reach of minors.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm or accessory is in a safe position.
- Align the Quick Detach Sling Swivel Loop with the QD socket on your firearm or accessory.
- Squeeze the side mechanism to attach the sling loop securely.
- Ensure the loop is fully engaged and cannot be easily detached without squeezing the mechanism.

### 2. Usage:

- To detach the sling loop, squeeze the side mechanism and pull the sling loop away from the QD socket.
- Always check the attachment before each use to ensure it is secure.
- Do not use excessive force when attaching or detaching the sling loop.

### 3. Maintenance:

- Regularly clean the sling loop with a soft cloth to remove dirt and debris.
- Inspect the mechanism for any signs of wear or damage.
- Store in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the sling swivel loop in accordance with local regulations.
- Do not dispose of in regular household waste if it contains hazardous materials.
- Consider recycling if applicable.

## Contact Information for Further Support

For safety inquiries or product support, please refer to the manufacturer's contact resources. Ensure you have the product details ready for efficient assistance.

## Conclusion

Your safety is paramount when using the Quick Detach Sling Swivel Loop. By following these guidelines, you can ensure a safe and effective experience. Always prioritize safety and be aware of your surroundings while using this product. Thank you for your attention to these important safety instructions.
