

# BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 6.5 CREEDMOOR BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5 CREEDMOOR BUSHING FULL LENGTH DIE](#)

# Bushing Full Length Sizing Die Safety Instruction Guide

## Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This die is designed to provide advanced precision for reloading 6.5 Creedmoor cartridges. To ensure safe and effective use of this product, please read and follow the safety instructions and guidelines outlined in this document.

## General Safety Guidelines

- Ensure the die is used only for its intended purpose: resizing 6.5 Creedmoor cartridges.
- Always wear appropriate safety gear, such as safety glasses, when reloading ammunition.
- Keep the work area clean and free of clutter to prevent accidents.
- Store the die and all reloading components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Handle the die with care to avoid injury.
- Ensure the die is properly installed in the reloading press before use.
- Do not exceed recommended load specifications when reloading ammunition.
- Avoid using damaged or worn brass cases to prevent failures during resizing.
- Follow the manufacturer's instructions for adjusting the bushing to control neck sizing tension.
- Be aware of the potential hazards associated with reloading, including the risk of explosive materials.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is securely mounted and stable.
- Remove the existing die from the press, if applicable.
- Clean the threads of the press and the die before installation.
- Thread the Bushing Full Length Sizing Die into the press until snug, then tighten securely.
- Insert the appropriate bushing for your desired neck tension.

### 2. Usage

- Prepare your brass cases by cleaning and inspecting them for damage.
- Adjust the die to the correct height for resizing. This may require trial and error to achieve the desired shoulder bump.
- Insert a brass case into the shell holder of the press.
- Pull the handle of the press to size the case, ensuring smooth operation.
- Inspect the resized case for proper dimensions and fit in your chamber.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of reloading materials or spent cartridges in regular household waste.
- Check with your local waste management facility for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of your Bushing Full Length Sizing Die, please refer to the manufacturer's website or contact their customer support for assistance. It is important to have access to reliable information and support for safe and effective use of this product.

By following these safety guidelines and instructions, you can ensure a safe and successful reloading experience with your Bushing Full Length Sizing Die. Thank you for your commitment to safety and responsible reloading practices.
