# Safety Instruction Guide for Bushing Full Length Ultra Micrometer Die Set

## Introduction

Thank you for choosing the Bushing Full Length Ultra Micrometer Die Set by Forster Products, Inc. This product is designed for precision reloading of 6 mm Dasher cartridges. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Store the die set in a cool, dry place away from direct sunlight.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Ensure that you are using the correct bushing die for your specific cartridge.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Do not exceed recommended load data when reloading ammunition.
- Avoid distractions while reloading to maintain focus and precision.
- If you experience any issues or malfunctions during use, stop immediately and consult the troubleshooting section of your manual.

## Instructions for Installation and Usage

### 1. Installation of the Die Set:

- Ensure your reloading press is securely mounted to a stable work surface.
- Remove the die set from its packaging and inspect for any damage.
- Install the FullLength Bushing Die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired setting for your specific cartridge.

### 2. Using the FullLength Bushing Die:

- Insert the cartridge case into the shell holder on the press.
- Raise the ram to engage the die with the cartridge case.
- Follow the manufacturer's instructions for adjusting the bushing to achieve the desired neck tension.

### 3. Using the Bench Rest® Ultra Micrometer Seater Die:

- After resizing the case, switch to the Ultra Micrometer Seater Die.
- Insert the bullet into the case mouth and raise the ram to seat the bullet.
- Adjust the micrometer for precise bullet seating depth according to your specifications.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away the die set in regular household waste. Check for local hazardous waste disposal

options.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Bushing Full Length Ultra Micrometer Die Set, please consult your retailer or refer to the manufacturer's website for further assistance.

Thank you for prioritizing safety while using your reloading equipment. Enjoy your reloading experience with the Bushing Full Length Ultra Micrometer Die Set!
