[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

MAGPUL® TMAG® GEN M3 RIFLE MAGAZINE FOR AR-15/M4 The TMAG AR/M4 GEN M3 magazine is a highly reliable, translucent magazine for STANAG-compatible weapons chambered in 5.56x45 NATO/.223 Remington. Molded from a translucent material with an ODG/ Smoke hue, it provides shooters visibility to verify various ammunition types as well as round count. Featuring ribbed front and rear straps for improved purchase during magazine changes, the sides are left smooth to ensure visibility. Like the rest of the GEN M3 family of magazines, the TMAG incorporates similar internal geometry that translates into unmatched reliability when firing. The four-way, anti-tilt follower is paired with a durable USGI-spec, stainless-steel spring with a painted coil, which maintains the "gas gauge" capability from Magpul's Window magazine product line. The magazine body is clearly marked to show approximate round counts when inserted in a magazine well, and the paint-pen dot matrix allows for aftermarket markings to be applied by shooters. The TMAG's low-profile floor plate also allows for compatibility with the full line of Magpul floor-plate accessories. The TMAG is optimized for Colt-spec AR15/M4 platforms, but modified internal and external geometry also permits operation with a range of other weapons such as the HK®416 / MR556A1 /M27 IAR, FN®SCAR™ MK 16 / 16S, and others. FEATURES Compatibility Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others Translucent body for round identification and capacity information Ribbed front and rear straps for improved grip Four-way anti-tilt follower and USGI-spec, stainless-steel spring enhances reliability Painted coil and marked magazine body provides visual quick reference for capacity Paint-pen dot matrix allows for additional metrics for personal preference when looking for round-count indicators Accepts current aftermarket Magpul floor-plate accessories Functions in a variety of popular platforms SPECS Caliber 5.56x45mm / .223 Remington Platform AR15, M4, M16, SA-80

The TMAG 30 AR/M4 GEN M3 magazine is a highly reliable, translucent 30-round magazine for STANAG-compatible weapons chambered in 5.56x45 NATO/.223 Remington. Molded from a translucent material with an ODG/ Smoke hue, it provides shooters visibility to verify various ammunition types as well as round count. Featuring ribbed front and rear straps for improved purchase during magazine changes, the sides are left smooth to ensure visibility. Like the rest of the GEN M3 family of magazines, the TMAG incorporates similar internal geometry that translates into unmatched reliability when firing. # Safety Instruction Guide for MAGPUL® TMAG® GEN M3 Rifle Magazine

## Introduction

Thank you for choosing the MAGPUL® TMAG® GEN M3 Rifle Magazine for your AR15/M4 platform. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your magazine. Please read this document carefully to understand how to handle and maintain your magazine safely.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and its compatibility with the TMAG® GEN M3 magazine.
- Always treat every firearm as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- Store your magazine and ammunition in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your magazine for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and storage of firearms and ammunition.

## Specific Safety Precautions for Use

- Only use the TMAG® GEN M3 magazine with STANAG-compatible weapons chambered in 5.56x45 NATO/.223 Remington.
- Do not attempt to modify the magazine. Alterations can compromise its safety and reliability.
- Avoid using the magazine in extreme environmental conditions that may affect its performance, such as extreme heat, cold, or moisture.
- If the magazine becomes damaged, do not use it. Dispose of it properly and replace it with a new one.
- Be aware of your surroundings and ensure that no one is in the line of fire when loading or unloading your magazine.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Hold the magazine with the feed lips facing upwards.
- Insert the desired number of rounds into the magazine, ensuring that each round is seated properly.
- Use the ribbed front and rear straps for improved grip while loading.

### 2. Inserting the Magazine:

- Align the magazine with the magazine well of your firearm.
- Firmly push the magazine into the well until it clicks into place.

### 3. Removing the Magazine:

- Press the magazine release button on your firearm.
- Pull the magazine out of the magazine well carefully.

### 4. Checking Round Count:

- Use the translucent body of the magazine to verify the round count visually.
- The painted coil and marked magazine body provide a quick reference for capacity.

## 5. Maintenance:

- Clean the magazine regularly using a soft cloth to remove dirt and debris.
- Inspect the follower and spring for proper function and replace if necessary.

## Disposal Instructions

- Dispose of any damaged or wornout magazines in accordance with local regulations.
- Do not discard magazines in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries, please refer to your local regulatory authority or the manufacturer's website for assistance. Always ensure that you have the latest information regarding safety recalls or product updates.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your MAGPUL® TMAG® GEN M3 Rifle Magazine. Always prioritize safety and be aware of your responsibilities as a firearm owner. Thank you for your attention to these important guidelines.
